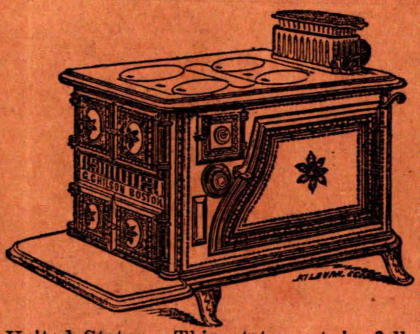
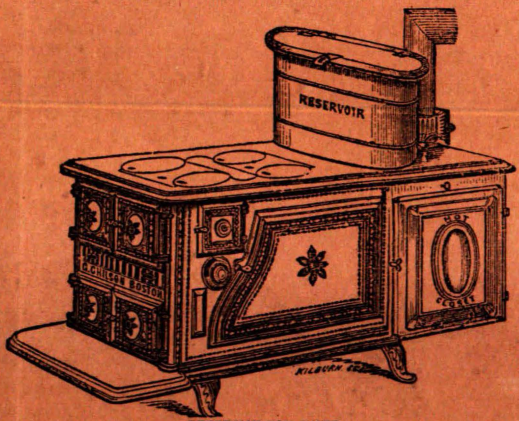
CHILSON'S
NEW COOKING STOVE.



Believing that great improvements could be made in the construction and workmanship of Cooking Stoves, and that such improvements will be appreciated by the public, and feeling convinced that a long practical experience in the manufacture of Stoves would enable the subscriber to be successful in the undertaking, he has devoted himself energetically for two years to this object; and as a result is now prepared to show, he is happy to say, the most important improvements ever made in Cooking Stoves in the United States. This statement is fully confirmed by the large number of Testimonials received from those who have used these Stoves the past season, and five minutes' examination of the Stove itself will further prove all that is claimed for it.



EXTENSION TOP STOVE.

Sizes suited to all practical purposes, from that of the smallest family to the largest class of hotels, with or without WATER FRONTS, EXTENSION TOPS, HOT CLOSETS, RESERVOIRS, &c., &c., and fitted for either Coal or Wood.

A large supply of these Stoves, together with the CONE FURNACE for Brickwork or PORTABLE CASINGS; **COOKING RANGES;** New PARLOR STOVES, Oval and Round, for 1870, with and without ovens; Cone Disk STOVES, a superior heater for Halls, Stores, Shops, Railroad Cars, &c.; FRAME GRATES; REGISTERS; VENTILATORS, &c., &c., constantly on hand, and for sale in any desired quantity, at Wholesale or Retail, at the subscriber's Store,

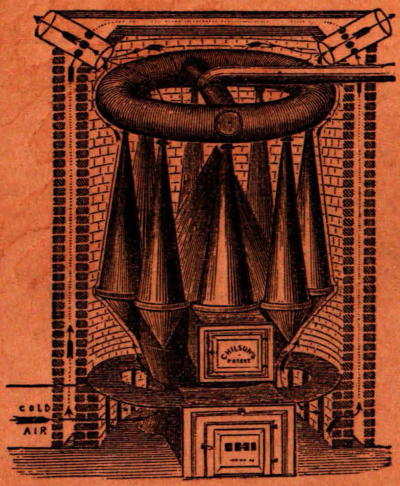
Or at his FOUNDRY, in MANSFIELD, MASS.

GARDNER CHILSON.

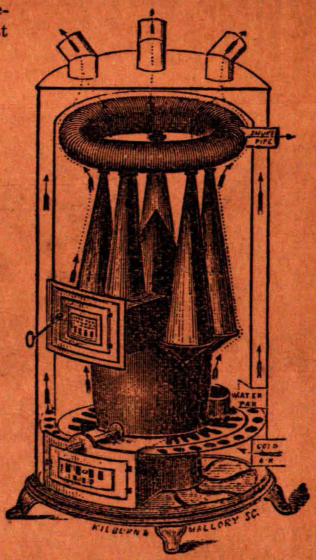
CHILSON'S PATENT IMPROVED CONE FURNACE,

Remodelled for 1867. Patented in the United States, England and France. A GOLD MEDAL was awarded to this celebrated Furnace at a recent Fair of the Massachusetts Charitable Mechanics' Association, and the only Gold Medal ever awarded any Furnace by this Association.

It has also received another GOLD MEDAL (first premium) at the Middlesex Mechanics' Exhibition, just closed, at Lowell.



FOR SETTING IN BRICKWORK.



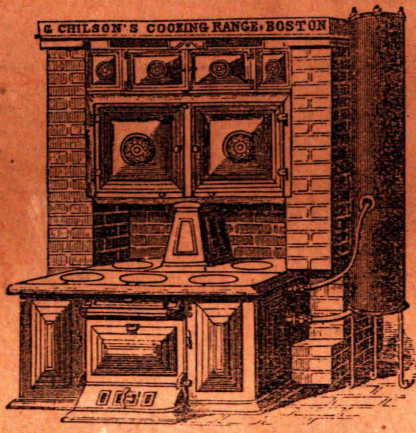
IN PORTABLE CASINGS.

This Furnace is now in such general use, and its reputation being so well and favorably established, renders it needless to particularize its many superior advantages for Warming Buildings over any other known plan. Sizes suitable for Warming all classes of private or public Buildings, and for setting either in brickwork or as Portables.

CHILSON'S

Patent Improved Elevated Double-Oven Cooking Range,

Also Remodelled, and Final Improvements just added.



This celebrated Range has become an INDISPENSIBLE FIXTURE in all well-regulated Kitchens. It is truly

HOWE & STEVENS'

FAMILY DYE-COLORS.

LIST OF COLORS:

Black, Black for Silk, Dark Blue, Light Blue, French Blue, Dark Brown, Claret Brown, Light Brown, Snuff Brown, Cherry, Crimson, Dark Drab, Fawn Drab, Light Fawn Drab, Light Drab, Dark Green, Light Green, Magenta, Maize, Maroon, Orange, Pink, Purple, Royal Purple, Salmon, Scarlet, Slate, Solferino, Violet, Yellow, Cuir, or Leather.

The above list of Colors are now made by us in both forms,—all as Dry Dyes in powder form, and all as Liquid Dyes in bottles,—that customers may have their choice. We advise the use of the Blacks, Browns and Drabs in the powder form; and Magenta, Solferino and Green in the liquid form. With the exception of Magenta and Solferino, the liquids will not color one-third the weight of goods that the powder colors will, and are not so durable; but for ribbons and small articles, the liquids are best, as they require but ten to twenty minutes to dye. These Dyes have now become a staple article of trade: having been in the market now seven years, their reputation is fully established for economy and usefulness, and are becoming more generally used every day.

SILVERINE,

For Silver-Plating articles of Brass, Copper, German Silver, Bronze, &c., and for Cleaning and Polishing Silver and Silver-Plated Ware.

It is perhaps needless to say that the Silverine, as its name implies, is a preparation of PURE SILVER, and contains no mercury, acid, or other ingredients, nor any property in the slightest degree injurious to metals, or the hands.

Applied to Silver-plated Table Ware, Fruit Dishes, Trays, Castors, Stair Rods, Harness Trimmings, Military Equipments, Door Knobs and Plates, Metallic Window and Show-Case Frames, &c., whose plating is worn off, it gives them all the beauty of new ware, which they will retain if the Silverine is applied as often as such articles are ordinarily cleaned.

Applied to Copper, Brass, or Bronze articles, it will keep them beautifully silvered, with one-quarter the trouble required to keep them clean by scouring, etc.

It will also be found to be the best and most economical silver cleaner ever used, producing all the brilliancy of unalloyed silver.

HOWE'S

GOVERNMENT WRITING AND COPYING FLUID.

The Color, at first a deep Green, afterwards changes to an intense black. Flows easily, and will keep in any climate, and preserve its fluidity.

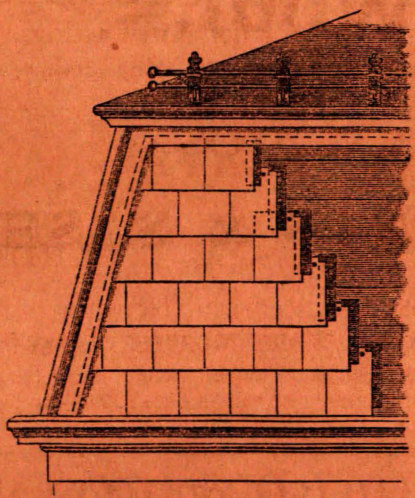
S. R. HATHORN'S

IMPROVED SNOW & ICE GUARD,



For Roofs OF Buildings

Guard Patented Oct. 2, 1866.

Roofing Patented Aug. 3, '69.

The above Cut illustrates my recently patented invention in

SLATE AND METAL ROOFING,

To which the attention of the Public is called.

By adopting my new mode of laying slate, in combination with metal joints, a lighter, smoother, and stiffer roof is obtained, than the slate roof laid in the ordinary manner, while 30 per cent. less slate is required.

The roof has been thoroughly tested for nearly two years, and has given entire satisfaction in every instance.

The above cut also illustrates the best and most improved Snow and Ice Guard which has ever been made. It may be made of malleable or wrought iron, and is very ornamental.

The supporting pieces are fastened to the roof of the building, before the slate or shingles are put on, and hence differ essentially from all of the plans heretofore tried. All liability of leaky roofs in consequence of the springing of the fastenings is obviated. The Guard has been severely tested during the past two years, and has proved successful in every respect.

THOMAS H. DODGE, Esq., Counsellor at Law, and Advocate in Patent Cases, Worcester, Mass., has been retained as Counsel to prosecute all suits for the infringement of said Patent.

THE WORCESTER CO. LAW LIBRARY Association is composed of the members of the Bar of the County. The Library is one of the most extensive and valuable in New England, containing about 2500 volumes. The books may be consulted by the citizens of the County as well as by the Court and Bar. Joseph Mason, Geo. F. Hoar, and T. L. Nelson, Directors. J. Mason, Secretary and Librarian. T. L. Nelson, Treasurer.

PUBLIC SCHOOLS.

There are one hundred and thirty public schools in Worcester, instructed and managed by one hundred and twenty-one female and nine male teachers. The amount raised by taxation for the support of the public schools for 1869–70, is $105,000, besides $91,350 for school-houses.

The schools in the centre are in nine grades, the course of study requiring one year in each grade, except the High School, which requires four years. Those in New Worcester, South Worcester, and Quinsigamond, are all graded, the first having four, the second five, and the last three grades.

Besides the graded schools in the centre, one has been established in Orange street, for girls who cannot attend regularly, and another for boys of irregular habits and attendance, taking the place of the apprentices' school, but continuing through the year, and an Evening School for males during the winter, in the same house, which have been quite useful in relieving the other schools of pupils who could not profitably attend them, and in providing the means of education for many whose age or employment during the day prevents their attending the other schools There have also been established Evening Schools, for females, under female teachers, in the Public Library building and the East Worcester School house.

There has been added to the public schools a TRAINING SCHOOL, designed exclusively for the professional instruction of teachers in the science and art of teaching. A discussion of methods of education, school organization and government, alternates with their practical application with classes of children. The school numbers at present one hundred and eighty children, and thirteen teachers in training. It is conducted by a principal, with two assistants, who preside in a separate room. One class of the children occupy the "Model Room," with a teacher who successfully practices the methods of instruction, &c., taught. The utility of this school has been evinced by the success as teachers of those who have enjoyed its benefits.

Still another school has been established at the City Farm, "designed to furnish to habitual truants, incipient vagabonds, juvenile criminals, the houseless and the vicious, a good school and a pleasant home, with comparative freedom from temptation, where they may be properly disciplined, and be taught habits of cleanliness, industry, and cheerful submission to the authority of law; in short, to save them from becoming by-and-by a burden to society and a curse to themselves." There are at present ten boys in this school.

The range of studies in the public schools includes all branches, from the

Alphabet to the higher English studies. and Latin, Greek, French and German languages; graduates from our High School having always been found well fitted for entering college, often in advanced classes.

During the year eight new schools have been opened in new houses, at South Worcester, Quinsigamond, and Edgeworth street. A fine house, of ten rooms and a hall in the Mansard roof, has been nearly completed, on Woodland street, which will be occupied in whole or in part next May; and a similar one is in process of erection on Ledge street. Steps have been taken towards the erection of a new High School building, in place of the present structure, which has been used for the purpose some twenty-five years.

The schools are under the general charge of a committee of twenty-four, (eight being elected each year, serving three years), whose deliberations are presided over by the Mayor. Besides the supervision of the committee, the scholars have the benefit of the entire services of Mr. A. P. Marble, the superintendent.

The office of the superintendent is in the City Hall, where he may usually be found from 8 to 9 and 12 to 1 o'clock daily, when the schools are in session. The Secretary and Prudential Committee of the Board, Mr. S. V. Stone, also has an office in the City Hall; office hours from 8 to 10 and 3 to 5 daily.

The school year commences on the second Monday in May, and is divided into four terms, comprising forty-one weeks, and commencing respectively on the second Monday in May, the last Monday in August, the Monday after Thanksgiving, and the last Monday in February.

The annual examination is made at the close of the Spring term, and promotions are made only at that time, except in special cases, to be voted by the Board.

The Vacations in all the schools are: eight weeks preceding the last Monday in August, Thanksgiving week, one week preceding the last Monday in February, and one week preceding the second Monday in May.

Instruction in Music is regularly given in the High, Grammar, and Secondary Schools, by Prof. E. S. Nason.

PRIVATE SCHOOLS, of various grades, abound in the city. Among the more prominent of these are Mr. Metcalf's "Highland Military Academy," Salisbury street, and Mr. H. R. Green's "Oread Institute," on a romantic eminence west from City Hall, which are boarding schools of high grade, and receive many scholars from abroad. There are also many private schools for smaller scholars.

THE WORCESTER ACADEMY was incorporated in 1834, and opened for the instruction of young men, under the patronage of the Baptist denomination, on a farm, about three-fourths of a mile southwest from the Common, and has been continued, with various success, since 1854, in the building formerly the Antiquarian Hall, on Summer street. Its Trustees have recently purchased the spacious and convenient edifice on Providence street, erected for a Female College, where it is now, under the charge of Mr. William C. Poland, as Principal, with suitable assistants; and all needed facilities for instruction in the higher English and classical branches of education.

THE COLLEGE OF THE HOLY CROSS, situated on the beautiful eminence formerly known as Pakachoag hill, now as Mt. St. James, is designed exclusively for the education of young persons of the Catholic faith. It recently received a charter from the Legislature of Massachusetts, and enjoys equal rights and privileges with the other colleges of the State. The college edifice has recently been enlarged to about twice its former size. Rev. Robert W. Brady, S. J. is President; and he is assisted by a full board of Professors.

THE WORCSETER CO. FREE INSTITUTE OF INDUSTRIAL SCIENCE.—The spacious and elegant buildings erected for the use of this new educational enterprise having been finished, the school was commenced on Tuesday, November 10, 1868. On the following day the edifice, "properly called BOYNTON HALL, in honor of the founder of the Institute," was dedicated by appropriate public services. The history of the origin and early progress of the Institute has been given in previous numbers of the Directory, with lists of the principal contributors to its funds. A description of the buildings, &c., compiled from the Daily Spy, was printed in the Directory of 1869.

The object of the Institute is to furnish a training school for young men of moderate means, or even without means, in which they can receive an education in the branches usually taught in high schools and academies, combined with practical instruction in the mechanical and scientific trades. Book learning is combined with trade learning, and the student receives the benefit of an ordinary school, and at the same time a thorough knowledge in the scientific part of the trade or profession he proposes to follow, inculcated by the practical application from day to day, in the machine shop or the laboratory, of the scientific facts obtained from books or lectures. The ultimate aim of the Institute is the elevation of the Mechanic, by giving him thorough and complete scientific knowledge, on which he may base his future work. It is intended that any graduate shall be fitted to assume the responsibility of superintending any department of mechanical work to which he has turned his attention, and to understand not only its practical details, but also its scientific principles.

Instruction free to residents of Worcester county. To others, $60 a year.

The school year is divided into two terms. The first begins the second Thursday of September, and closes the second Friday of the following March, with a recess of one week at Thanksgiving. The second begins the last Tuesday of March, and closes the first Friday in August.

Recitations close July 1st, and the month of July is devoted to practical exercises in all the departments—for the Mechanical Engineers in the shop, for the Architects in an architect's office in the city, for the Civil Engineers in the field, and for the Chemists in the laboratory. All the students are required to attend these exercises unless specially excused. Examination for admission, Sept. 6, 1870.

THE FACULTY.

Charles O. Thompson, Principal and Professor of Chemistry.

George E. Gladwin, Professor of Drawing and Architecture.

George I. Alden, Professor of Mechanical Engineering.

WORCESTER COUNTY MUSICAL CONVENTION.—This Association holds an annual convention in Worcester in October, for improvement in Music, in the higher departments, continuing five days, the time being occupied with instruction and practice, and public Concerts. The officers for 1870 are, President, Samuel E. Staples, Worcester. Vice Presidents, William Sumner, B. D. Allen, and C. C. Stearns, of Worcester, W. R. Hill, Wilkinsonville, and Anson Rice, Northborough. Secretary, A. C. Munroe, Worcester; Assistant, Seth Richards, Worcester. Treasurer, William S. Denny, Worcester. Librarian, G. W Elkins, Worcester. Assistant Librarian, L. W. Cudworth, Oxford. The next session, commencing October 10, 1870, promises to exceed in interest any previous festival of the Association.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION, composed of persons "wishing to labor together for the spiritual and intellectual improvement of the young men of our city," has a reading room at 279 Main street, where young men are always welcome, and labors by religious meetings and other suitable means to accomplish its laudable objects. Prayer meetings are held at their rooms every noon, and Tuesday and Saturday evenings. Bible class Friday evenings. All are welcome. Lucius P. Goddard, President; John L. Parker, Vice President; Aaron Greene, Secretary; Charles G. Stowell, Treasurer; Henry M. Wheeler, Librarian.

STATE LUNATIC HOSPITAL.—TRUSTEES: Hon. Samuel E. Sewall, Boston; Hon. Chas. Mattoon, Greenfield; Robert Hooper. M. D., Boston; Hon. Henry Chapin and Wm. Workman, M. D. RESIDENT OFFICERS: Merrick Bemis, M. D., Superintendent; Joseph Draper, M. D., and Mary H. Stinson, M. D., Assistant Physicians; Caroline A. Bemis, Matron; Daniel W. Bemis, Steward and Treasurer.

AMERICAN ANTIQUARIAN SOCIETY.—Library in Antiquarian Hall, Lincoln Square, Worcester. President, Hon. Stephen Salisbury. Vice-Presidents, James Lenox, N. Y.; Hon. Benjamin F. Thompson, LL. D. Secretaries, Hon. Charles Sumner, Foreign: Hon. Emory Washburn, LL. D., Domestic; Rev. Alonzo Hill, D. D., Recording. Treasurer, Nath'l Paine, Esq. Committee of Publication, Samuel F. Haven, Esq., Rev. E. Hale, Chas. Deane, Esq. Librarian, Samuel F. Haven, Esq.

COUNCIL.—Hon. Isaac Davis, LL. D., N. B. Shurtleff, M. D., Chas. Folsom, Esq., Samuel F. Haven, Esq., Rev. Edw. E. Hale, Joseph Sargent, M. D., Charles Deane, Esq., Rev. Seth Sweetser, D. D,, Hon. Richard Frothingham, Hon. Henry Chapin. Auditors, Hon. I. Davis, Hon. Ebenezer Torrey.

The Library of the Society contains about 50,000 bound volumes, besides many pamphlets, antiquities, works of art, &c ; and it has funds to the amount of about $50,000, the income of which is to be devoted to the pay of the Librarian, collecting historical and antiquarian materials, publishing, binding, &c., &c.

LIBRARY OF THE WORCESTER DISTRICT MEDICAL SOCIETY.—This Library was commenced in 1788, by the gift of "fifty pounds value in books," by Dr. Elijah Dix, of Worcester. It hss since been largely increased by donations from physicians, and by the income of $6,000, bequeathed for the purpose, by Hon. Daniel Waldo. It contains over 4,000 volumes, of the best medical and surgical works, which may be consulted by citizens, at the rooms only. in exchange for which privilege the city furnishes the free use of the room in the Public Library building.

The officers of the Medical Society are:

President—Dr. Rufus Woodward, of Worcester.

Vice President—Dr. C. A. Wilcox, of Uxbridge.

Secretary and Librarian—Dr. G. E. Francis, of Worcester.

Treasurer—Dr. T. H. Gage, of Worcester.

Censors—Drs. Henry Clarke, J. G. Park, E. Warner, and G. E. Francis, of Worcester; and B. H. Tripp, of Rutland.

Councillors — R. Woodward, Worcester; M. D. Southwick, Millville; W. H. Lincoln, Millbury; O. Martin, Worcester; F. D. Brown, Webster; B. H. Tripp, Rutland; C. W. Whitcomb, Barre; Warren Tyler, North Brookfield; E. B. Harvey, Westboro'.

MOZART AND BEETHOVEN CHORAL UNION.—This Association is intended to unite the entire choral force of the city in one body, for the practice of sacred music, and the promotion of good fellowship among its votaries. Weekly rehearsals are held on Monday evenings, at the Sons of Temperance Hall, from October to April, and occasionally Concerts are given. The officers are, A. C. Munroe, President; Wm. Sumner, Vice President; Solon Wilder, Musical Conductor; Edward L. Spaulding, Secretary; J. E. Benchley, Treasurer; G. M. Pierce, Librarian; Seth Richards, Sam'l Porter, G. W. Elkins, S. E. Staples, J. W. Gould, Trustees.

WORCESTER AGRICULTURAL SOCIETY.—S. H. Howe, of Bolton, President; Winslow S. Lincoln, of Worcester, Secretary and Treasurer. The Society has nearly twenty-five acres of land on Highland street, west of the Court House, for the accommodation of its annual exhibitions, on which a spacious hall has been erected, and a half-mile trotting park laid out. Notwithstanding the great multiplication of local agricultural societies and exhibitions (or perhaps as a consequence of such increase), the annual exhibitions of this time-honored Society have of late been greatly improved, both in the variety and the excellence of the contributions. The attendance is also large on the days of the agricultural exhibition, as well as on the racing days.

WORCESTER CO. MECHANICS' ASSOCIATION. — This Association provides a course of Lectures each winter, the use of a choice library of more than 1,500 volumes, open to members each Saturday afternoon and evening, and of a very pleasant, nicely fitted-up and well-supplied reading-room, open from 9 A. M. till 9½ P. M., daily, except Sundays, at No. 4 Mechanics' Hall building, besides other valuable privileges, to its members. A school of Mechanical Drawing is open to the apprentices of members

during the winter evenings. Alzirus Brown, President; Phineas Ball, Vice President; Edwin A Wood, Clerk and Treasurer; Jaalam Gates, Janitor.

Mechanics' Hall, erected by this Association, is one of the most spacious and beautiful halls in New England, and will furnish seats for about 2,000 persons. There are eight entrances to the hall, and six staircases communicating with the floor below. There is in the hall one of the largest and most effective Organs in the country, which adds greatly to the attraction of the place for public gatherings, concerts, &c.

Washburn Hall, in the same building, is a very accessible and convenient hall, for an audience of five or six hundred.

THE FREE PUBLIC LIBRARY is placed in a fine edifice, situated on Elm street, a few rods from Main, erected in 1861-2, for its safe keeping and distribution, which also affords room for the Worcester District Medical Library, and a Grammar School for girls.

The Free Public Library is in three departments. 1. The Circulating Department contains over 8,000 volumes, which may be taken out freely, for reading, by any of our citizens over 15 years of age. This has been largely used, averaging nearly 250 takers daily.

2. The Consulting Department, or Green Library. This department contains about 13,000 volumes, many of them very rare and valuable, mostly given to the city by the late Dr. John Green, with the condition that a suitable building should be provided, and that they should not be taken from the library room, but freely read there at all times when the rooms are open. The Green Library is composed of books purchased by the venerable donor during several years, for the specific purpose to which they are appropriated, at a great expense, and embrace a very wide range of topics of interest to all classes of the community. A catalogue of this Library, in manuscript, has been prepared.

3. A READING ROOM, containing files of 65 American and 50 Foreign newspapers and magazines. This is supported by the income of a fund of about eleven thousand dollars, raised by subscription for the purpose.

The Library rooms are open from 9 A. M. to 8 P. M. The Reading room till 9½ P. M. Z. Baker, Librarian; Misses E. Eddy, S. F. Earle and Jesse F. Tyler, Assistant.

THE WORCESTER LYCEUM AND NATURAL HISTORY ASSOCIATION.—This Association was incorporated in 1853, as "The Young Men's Library Association, for the purpose of diffusing and promoting knowledge among the inhabitants of the city of Worcester." Its first officers were Geo. F. Hoar, President; William Cross and Geo. W. Bentley, Vice Presidents; E. E. Hale, Corresponding Secretary; Nathaniel Paine, Recording Secretary, and H. Woodward, Treasurer.

In 1854 the Natural History Department was organized, with Rev. E. E. Hale as Chairman, and a collection of specimens in Natural History was started with the cabinet of the "Worcester Lyceum of Natural History" as a nucleus. This cabinet had been deposited in the hall of the American Antiquarian Society for several years previous to its transfer to the Natural History Department. (The "Lyceum of Natural History" was organized in January, 1825, with Dr. John Green as President, Dr. B. F. Heywood, Vice President, F. W. Paine, Treasurer, Wm. Lincoln, Recording Secretary, C. C. Baldwin, Corresponding Secretary, and Charles Wheeler, Librarian.)

By an act of the Legislature, in 1856, the Young Men's Library Association and the Worcester Lyceum were united under the name of the Worcester Lyceum and Library Association. (The Worcester Lyceum was formed in the year 1829, "for mutual instruction and improvement." Lectures were delivered in the Town Hall each Thursday evening, from October to March, and in the earlier years of its existence classes were formed among the members for acquiring a practical business knowledge; a library was established, and a small cabinet of chemical apparatus purchased. The first President of the Lyceum was Rev. Jona. Going, then minister of the First Baptist Society in Worcester. Anthony Chase was the first Secretary.)

In 1859, the Lyceum and Library Association presented its valuable library, of over 4,500 volumes, to the city of Worcester, as the foundation of the circulating department of the Free Public Library. After the transfer of its Library, the members of the Natural History Department became the active working members of the Association, and the usual course of lectures in the winter was given as before. In 1866,

the Association, by act of the Legislature, assumed its present name, and has since devoted most of its energies to the study of Natural History, the collection of specimens for its cabinet, and the formation of a library of books relating to Natural History. Besides the course of lectures given in Mechanics' Hall, the Association have public meetings in their hall on Foster street the second Tuesday of each month. At these meetings papers upon scientific subjects are read by members and others, and all persons interested are cordially invited to attend, whether members of the Association or not. Any resident of Worcester county, over fourteen years of age, may become a member by the payment of two dollars.

The cabinet of the Association, containing several thousand specimens, is open free to the public Wednesday afternoons, and to the members and their friends daily.

Donations of specimens in Natural History, curiosities and relics, are solicited, and may be left with the superintendent, at his room in Bank block, Foster street. The officers of the Association are: President, Nathaniel Paine; Vice Presidents, Rev. D. Weston and Prof. James Bushee; Corresponding Secretary, S. Salisbury, Jr.; Recording Secretary, C. E. Phelps; Treasurer, J. S. Rogers; Superintendent of Cabinet, J. G. Arnold.

THE CHILDREN'S FRIEND SOCIETY continues its efforts to "rescue from evil and misery such children as are deprived of their natural parents," and provides for them a home, at the corner of Main and Benefit streets, until homes are found for them in suitable families. Donations of money or provisions always thankfully received and judiciously used. Miss Tamerson White, Matron, Miss H. Knight, Asst.

THE HOSPITAL OF THE SISTERS OF MERCY is in the building adjoining St. Anne's Church, on Shrewsbury street. It is in charge of the Sisters of St. Anne's Convent. By the payment of $3.00 per year any person may secure the right to a bed, with doctor's care, nursing, board and medicine, during the year.

RAILROADS.

BOSTON AND ALBANY RAILROAD is formed by the union of the Boston and Worcester and the Western Railroads. President, Chester W. Chapin; Vice President, D. Waldo Lincoln; Treasurer, Charles E. Stevens; Clerk, Jas. A. Rumrill; Solicitor, George S. Hale. Henry P. Nichols, Agent in Worcester.

BOSTON AND WORCESTER DIVISION.—Passenger cars leave Worcester nine times every week day.

WORCESTER AND SPRINGFIELD DIVISION.—Passengers leave Worcester five times daily, for Albany and New York, from Grafton street station.

NORWICH AND WORCESTER DIVISION B. H. and E. R. R.—Accommodation cars leave the station on Norwich street at 6.30 and 9.50 A. M. and 5.15 P. M. daily. The steamboat train leaves for New York each evening at about 7

o'clock. A train from Webster arrives at 6.45 A. M. and returns at 6.30 P. M.

PROVIDENCE AND WORCESTER.—Passenger and freight stations are on Green street. A. E. Quackenboss, Agent. A train from Uxbridge arrives before 7 A. M., and returns at 7 P. M.

WORCESTER AND NASHUA.—Trains pass over the road daily, three times each way, connecting at Groton Junction with trains for Lowell, Fitchburg, Boston and Townsend. Cars running to and from Boston, via Groton Junction, are attached to each passenger train. Office in Worcester Bank Block, Foster street. F. H. Kinnicutt, President; Charles S. Turner, Superintendent; T. W. Hammond, Treasurer.

FITCHBURG AND WORCESTER DIVISION of B., C. and F. R. R. Cars run to and from Worcester in connection with all the trains on the Worcester and Nashua Railroad. H. A. Blood, Superintendent.

THE BOSTON, BARRE AND GARDNER RAILROAD, as at present chartered, is to extend from Worcester, through Holden, Princeton and Hubbardston, to Gardner, with a branch to Barre; and application has been made to the Legislature for authority to extend it from Gardner to Winchendon. Stock subscriptions have been made sufficient to build the road from Worcester to Gardner; and Messrs. R. P. Cook & Co., of Brookville, Canada, have contracted to construct it, and have already commenced work.

OFFICERS.—Ivers Phillips, President; Wm. E. Starr, Clerk and Treasurer; Alfred R. Field, of Greenfield, Chief Engineer. Ivers Phillips, Stephen Salisbury, W. W. Rice, Calvin Foster, Lewis Barnard, Stephen Salisbury, Jr., H. N. Tower, George W. Gill, R. C. Taylor, Worcester; Levi Heywood, Gardner; Wm. H. Morse, Hubbardston; William B. Goodnow, Princeton; D. F. Parmenter, I. N. Ross, Holden, Directors. Office in Worcester Bank Block, Foster street.

THE WORCESTER STREET RAILWAY has during the past year passed into the hands of a new company, of which Augustus Seeley, of New York, is President, and C. S. Munger, Treasurer and Manager. Several new cars have been put on, and an effort is being made to operate it for the mutual benefit of the owners and the public. H. S. Searls, Superintendent.

STAGES AND OMNIBUSES.

BARRE.—There are two daily stage lines between Worcester and Barre. One via Holden and Rutland, leaving the office, under the Bay State House, at 4 P. M., arriving in Worcester at 9.30 A. M., and one via Paxton, West Rutland, Coldbrook, Smithville, Barre Plains, to Barre; thence through Petersham, Athol, Dana, North Dana, Millington, and North New Salem, to Orange, leaving Bay State House at 10 A. M. and arriving in Worcester at 3.40 P. M.

TO HUBBARDSTON, via Holden and North Rutland, leave Bay State House at 4 P. M., arriving in Worcester at 9.30 A. M.

TO OAKHAM, via Paxton and West Rutland, leave Bay State House at 4 P. M., arriving in Worcester at 9.25 A. M.

TO GRAFTON and N. E. VILLAGE, leaves 207 Main street at 4 P. M.; arrives in Worcester at 10.30 A. M.

TO SHREWSBURY, NORTHBORO', and MARLBORO', from Waldo House, at 4 P. M. Arrive at 9.30 A. M.

TO CHERRY VALLEY, LEICESTER and SPENCER, from 207 Main street, at 4.30 P. M. Arrives at 9 A. M.

TO CHERRY VALLEY and LEICESTER, from 207 Main street, at 10.30 A. M., and 4.30 P. M. Also, at 9 P. M., Wednesdays and Saturdays. Arrives at 9, 2.30 and 7.

SOUTH WORCESTER OMNIBUS leaves foot of College street five times each week day. Returning, leaves Flagg's Block, opposite Bay State House. Sundays, leave South Worcester at 10 A. M. and 2 and 6.30 P. M. Returning, leave after church services on each trip.

WORCESTER COUNTY HORTICULTURAL SOCIETY.—F. H. Dewey, President; E. W. Lincoln, Secretary and Librarian; Samuel H. Colton, Treasurer. The annual exhibition of Flowers and Fruits in the hall of the Society, in September, has attracted much attention, and given a great impulse to the cultivation of good fruit in this vicinity. Exhibitions of Fruits, Flowers, &c., and conversations in relation to them, are held in the Library room on Thursday afternoons, which have proved interesting to those who have found time to attend. A select library, of more than 1,000 volumes, is open to members Thursday afternoons.

REMOVAL

OF THE

FRANKLIN PRINTING OFFICE,

AND ADDITION OF A

BOOK BINDERY.

In order to meet the constantly increasing demands of my business, I have removed my office from Foster Street, to elegant and spacious rooms in

CROMPTON'S BLOCK, MECHANIC STREET,

and, while tendering my thanks to customers for past liberal patronage, I would improve this occasion to inform them and the public generally that I have materially increased my facilities for executing

BOOK AND FINE JOB PRINTING,

by the addition of many fonts of New and Choice Styles of Type, and other material, and design to still further enlarge, as the times require; and intend at all times to be able to meet the wants of customers, in regard to style, quantity and price.

A NEW BINDERY

has been established in connection with my office, which will enable me to offer superior inducements for the

MANUFACTURE OF BLANK BOOKS

in as good style and at as reasonable prices as can be had in this market or any other. Headings for Banks, Insurance Companies, and Manufactories, printed and ruled to any pattern, and bound, all complete in my establishment.

No pains will be spared either in the Printing or Binding Department, to furnish first-class work, ALWAYS AT FAIR AND HONEST PRICES.

NOTE & LETTER PAPER,

ruled and plain, will be kept constantly on hand, and headings printed upon the same, at low prices. Also,

Envelopes Furnished at Manufacturers' Prices.

Merchants, Traders, Manufacturers, Bank and Insurance Officers, are respectfully invited to call and examine my establishment, and see styles and prices of work.

The Central Mutual Fire Insurance Company insures Dwellings, Churches, School Houses, and Personal Property, generally.

It proposes to insure all kinds of property not considered "Extra Hazardous," upon the Mutual plan.

While Massachusetts liberally protects her property from loss, she should be as just to her own interests as she is to Foreign Corporations, whose accumulated wealth is largely her Capital. We would ask of her that which is wisely suggested by her Insurance Commissioner, viz;

Home instead of Foreign Protection.
