Valuation, Business, &c.

The valuation of the real and personal estate of Worcester for 1847, is \$7,690,850, being an increase over the previous year of \$554,150.

The number of ratable polls is 4,303, or 748 increase in one year.

If the population has increased in an equal ratio with the the polls, the present population of Worcester must exceed 15,000.

The amount of Town and County Taxes in 1847, is \$42,183, being at the rate of \$4.68 on a thousand dollars.

In addition to the above amount, the inhabitants of the Centre District raised \$7,828.82 for Schools, and \$1,981.75 on account of the Aqueduct, being an addition of \$1.33 on the thousand dollars. This is higher than usual, but was necessary to make extra improvements, and reduce the debt of the District.

No. of Births in the year ending May 1, 1847, 435: Marriages, 98: Deaths, 302.

It was our wish and intention to present a full and correct view of the manufacturing and mechanical industry of the town of Worcester; believing that such a view would be gratifying and highly creditable to the citizens of this "heart of the commonwealth," especially in connexion with the fact that all the business is done by private capital,—that there is not a single corporation concerned in the management of the labor of this town. But after spending several days and dollars in attempting to collect the necessary facts, we were obliged to give up the project by the unwillingness of some of the business men to furnish the needed information.

In relation to the business of New Worcester, however, we were more successful. By the active attention of Mr. Charles Hersey, we learned that in ten establishments in and near that thriving village, near two hundred hands are em-

Sexton.—Wm. G. Maynard, 30 School St.*Pound Keeper.*—Samuel Lawton.**Schools.**

The town of Worcester is divided into 14 School districts, in which thirty-one Schools are supported; besides the Classical and English High School, which is open to scholars of both sexes from all parts of the Town. Eighteen of these schools are in the Centre District, two in New Worcester, and one in each of the other Districts.

The CLASSICAL AND ENGLISH HIGH SCHOOL is under the charge and instruction of Mr. Nelson Wheeler as Principal, assisted by Miss Caroline Henshaw, in the Classical Department, and Mr. William E. Starr, and Miss Harriet Binney, in the English Department.

The studies in this school comprehend the Latin, Greek and French languages, the Mathematics, and the higher English branches usually taught in Academies and Female Seminaries. The course of study is so arranged, that those who intend to obtain a Classical Education may pursue uninterruptedly the studies necessary for admission to College; while those desirous of being fitted for practical life, or of receiving a thorough English Education, have equal opportunity for that purpose.

Centre School District.

The Schools are of three classes, 1, Infant, 2, Primary, 3, Boys and Girls English Schools, from which scholars are promoted into the Classical and English High School.

For admission to these schools, application is to be made to the Secretary of the Board of Overseers, at his office or such other place as may be notified, between 8 and 9 o'clock Tuesday and Saturday mornings.

Board of Overseers for 1847—8.—Stephen Salisbury, *President*. Alonzo Hill, Alfred D. Foster, Elam Smalley, Seth Sweetser, George P. Smith, Freeman Upham, James Estabrook, William Workman, Thomas Kinnicutt, Caleb Dana. A. H. Bulloch, *Secretary*.

GEO. B. COLEMAN.

PRIAM OF TROY AIR-TIGHT COOKING STOVE.

This Stove commends itself to the attention of Ladies and Gentlemen who are interested in combining

ECONOMY AND CONVENIENCE

with their Domestic Affairs. As all food passes the ordeal of some Cooking Apparatus to make it palatable or proper for use, it is very important that every family should possess the best apparatus for this purpose, and which at the same time shall consume the *Least Amount* of Fuel or incur the *Least Expense*.

The Priam of Troy is the Stove,

For it has a very **LARGE OVEN**, probably as large as in any (equal size) Stove, ever offered to the public, which is heated quickly and perfectly even by means of *Deep Hollow Grooves* in the back and bottom of the Oven, exposing from *Three to Four Hundred* square inches more surface to the Oven than can be done by a plain surface. Consequently, a very small amount of Fuel being arranged on the *Air Tight Principle*, and applied to the Oven, renders it one of the *Best Baking Ovens* to be found in our own New England.

The Boiling, Broiling, Heating Sad Irons, &c. is all that can be desired. Cleaning Flues around the Oven, and ashes from the Grate, can be done with perfect ease, and without dust in the room. Connected with this Stove is a Portable Summer Furnace, with 2 boiling places, well adapted for most kinds of Cooking, &c. Also, large rims or rings, are connected with the Stove, so that our Farmers and all who wish to use large Brass or Iron Kettles, or any kind of old fashioned Ware, holding from one to ten pails, can do it at their pleasure. The whole Stove is regulated by means of only **ONE DAMPER**, is neat in its appearance, and in fact is one of the best Companions for the Kitchen now in use as thousands who have used them during the past year will testify. These Stoves are warranted to give perfect satisfaction, or to be returned, and money refunded within thirty days. Also, a large and well selected assortment of

Cheap Cooking, Office and Parlor STOVES OF ALL SIZES,

And neatly put up in a handsome Morocco Case
For \$1.00.

Having had five years' experience in the Daguerrean art, and being able to manufacture my own chemicals on an improved plan, and having recently made an improvement in my method of polishing plates, doing it by machinery, whereby a superior polish is obtained, I am enabled to produce pictures of superior tone and beauty. My plates of first quality and cases, costing me only 21 cents each, leaves 58 cents to remunerate me for labor and chemicals on each dollar picture, which with my present patronage, affords me the means of a comfortable livelihood, and is sufficient encouragement for me to continue my business where I am, at my present low prices.

Chemicals and Gilding on hand and for sale at all times.

Cameras with other apparatus furnished to operators at short notice and lowest cash prices. Medium \$15; half plate \$30. Instruction given in the art for \$20.

 Office, 11 Wall street, New York.

This institution is distinguished by the following
 peculiarities.

1st. When the premium is over \$50 annually, one fourth may be paid in cash, and three fourths in a secured note at 12 months, bearing six per cent. interest, or it may be paid half-yearly, quarterly or monthly.

2d. Persons taking life policies and paying 50 per cent. of premium in cash, and those taking policies for shorter periods and paying 60 per cent. in cash, may give their individual notes for the balances, if satisfactory to the officers. There is an annual dividend of profits made to the insured.

The business of the Company has been unparalleled during the time of its existence. To the 1st of August, 1847, (27 months) 4160 policies had been issued, and after paying all losses and expenses, there remained a net capital of over \$350,000. Statements of the business and all other papers of the Company, may be had by applying at the office of the agent, 136 Main St. Worcester.

MUTUAL FIRE INSURANCE.

**The Merchants and Farmers
MUTUAL FIRE INSURANCE COMPANY,**

*Office over Central Bank,
102 Main Street, Worcester,*

Is constantly receiving numerous applications from Merchants, Farmers, Mechanics, and others, desiring Insurance upon **BUILDINGS** and **PERSONAL PROPERTY** of the safer classes.

Declining to insure factories, steam mills, carpenters shops, and buildings alike hazardous, from a desire to protect those who have safer property, from assessments to pay losses on risks much more hazardous than those of the Merchant, Farmer and Mechanic.

The plan of business adopted by this Company recommends it to all who wish to procure insurance at moderate cost, and **STRICTLY** upon the **MUTUAL PLAN**.

After paying losses and expenses necessary to the economical management of the business of the Company, all surplus of premiums is equitably divided among the insured, at the expiration of any policy, whether for one or five years.

Mutual Fire Insurance.

THE WORCESTER MUTUAL
Fire Insurance Company,

Incorporated Feb. 11, 1823, and Charter renewed 1847,
Continue to insure on buildings of every description and use, except Cotton and Woolen Factories, Paper Mills, Furnaces and Blacksmith's Shops, Tanneries where Furnaces are used, Carpenters', Wheelwrights', Chair Makers' and Cabinet Makers' Shops, or Buildings so near them as to be exposed thereby, and buildings in which steam power is employed, or shavings are made in such quantities as to increase the risk, and buildings used for unlawful purposes, or in which unlawful business is carried on with the consent and knowledge of the owner.

They also insure Household Furniture, including Books, Wearing Apparel and Family Stores kept in dwellings; and (with the exception of the stock of Livery Stables,) they insure Hay and Grain, Live Stock, Carriages and Harnesses.

The long and successful operation of the **OLD WORCESTER MUTUAL FIRE INSURANCE COMPANY**, and the large dividends paid at the expiration of a Policy, have secured the confidence of the public, and the present Managers of its concerns are desirous that the people should be in possession of the above information.

The amount of their cash fund exceeds *one hundred and ten thousand dollars*; and with their vigilance in looking after their risks, (having a competent person constantly employed in examining buildings insured by them,) they confidently believe it will continue to increase.

The Company have been desirous for a long time to confine their insurance to the safest kind of risks, which they are now enabled, effectually, to do, in consequence of other Mutual Offices having recently gone into operation, which are willing to insure the more hazardous kinds of property.

The inducement to persons owning the kinds of property to be protected against loss by fire which the Company can insure, is as great, if not greater, in that office than in any other in New England.

Mutual Life Insurance.

THE NEW ENGLAND

Mutual Life Insurance Company

Is one of the oldest and best established Institutions.

Its peculiar advantages are that it insures Lives only; No insurance on credit,—no losses to any member by bad premium notes of others. It has a

Guarantee Capital of 100,000 Dollars,

And in addition it has an accumulated fund of over \$100,000 arising from the profits and favorable turn of risks, all well invested for the benefit of those who are now or may become members. Surplus distributed to members every fifth year from December, 1843.

Insurance may be effected for any length of time and for any amount not exceeding \$10,000 for any one risk. The number of policies issued by this Company exceeds 2000, and the losses from decease of members very trifling. Policies are issued for the benefit of creditors, and for the exclusive benefit of the wife and children of the person insured.

Insurance at the lowest rate may be obtained by application at the Office of the Company in Worcester.
