FRANCIS P. OLIVER, Agent,
No. 108 Main Street, Worcester,
 Dealer in
Hall, Parlor, Office, and Cooking Stoves,
FOR WOOD AND COAL,
 Among which may be found the celebrated

Prize, Roger Williams, William Penn, Pilot, and
 other Cooking Stoves, Franklin Coal Burners, Air-Tight and Box Stoves.

F. P. O. also manufactures

MACGREGOR'S
 VENTILATING
PARLOR, OFFICE, AND HALL
STOVES AND HOT-AIR FURNACES,

Which have been in use for Eleven Years, and with the Recent Improvements, for Economy, Purity of Air, and Ease in Management, has no Equal.

They can be so regulated as to give any degree of heat required, and unlike other anthracite coal-burners, ventilate the apartments quite as thoroughly as a wood fire or open Franklin, producing a current of air at once moist, pure and agreeable, and as NONE OF THE AIR WHICH COMES IN CONTACT WITH THE FIRE-POT IS USED FOR RESPIRATION, the tendency to produce headache so much complained of by those using stoves and furnaces is entirely obviated.

THE FIRE MAY BE CONTINUED FROM ONE TO THREE DAYS WITHOUT REPLENISHING.

These Stoves are beautiful in design, and finished in the most perfect manner. They are equally appropriate, and have given universal satisfaction to all who have adopted them for Offices and Stores, as well as the Parlor. The inventor challenges THE WORLD to produce an article by which so much pure warm air can be generated from so small an amount of fuel—requiring but about fifteen lbs. anthracite coal to warm an ordinary parlor for twenty-four hours without replenishing, and then leaving fire enough to rekindle, without the use of charcoal. The coal is all consumed and no clinkers made, consequently sifting coal is dispensed with. When this Stove is properly managed, the fire continues through the entire season without once going out. Our SIXTEEN SIZES are calculated for, and will suit the capacity of the smallest rooms, or the largest Houses, Stores, Halls or Churches, while one size of the Furnace will warm 200,000 cubic feet of space. Added to all these qualifications, the purchaser may reasonably expect to save 30 per cent. in fuel expense.

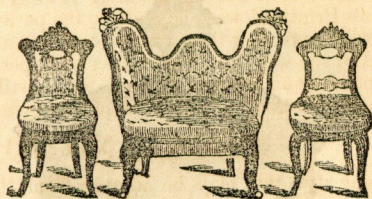

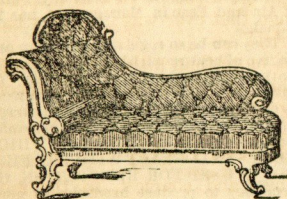

Manufacturer of Tin, Sheet Iron and Copper Work.

All orders by mail or otherwise, will receive prompt attention.

“JOB PRINTING!”

exclaimed Mrs. Partington, after reading our sign on a recent visit to this city; “Job Printing! why, he *must* be the patientest man that ever was; for they have kept him printing there ever since I was a little girl!”

And she was right. For after an experience of more than a third of a century in printing all kinds of “Jobs,” we are still on hand, and ready as ever to accommodate our good friends, “the public,” with every variety of

BOOK AND JOB PRINTING,

In any style that may be wanted, from the plainest and coarsest, to the most elegant and showy; whether Books, Sermons, Town, School and other Reports, Catalogues,—Legal and other Blanks, Insurance Applications and Policies,—Handbills and Showbills, large or small, for Exhibitions, Auctions, Lectures, Concerts, etc.,—Bill Heads, Shop Bills, Forwarding Bills, Circulars with new and elegant types, or plainer and cheaper, as the wishes or pockets of customers may dictate,—Programmes,—Business Cards, large and small, plain, enamelled or colored, printed with black, blue, red, or other colored Inks, or Bronze,—Printing for Balls, Parties, Exhibitions and Social Gatherings,—Gold, Silver and Velvet Printing; Wedding Cards,—in short, almost everything in the Printing line that any one may want, done in just the style desired,—promptly,—and

AT UNIFORMLY LOW PRICES.

It certainly cannot be said with truth that is

“The Best Job Printing House in the State,”

for there are several others that are believed to be quite equal to it; but it contains SIX PRESSES of the best construction, more than TWO HUNDRED KINDS OF TYPES, selected expressly to suit the tastes of our customers, from the leading foundries in the country; a great variety of BUSINESS CUTS AND ORNAMENTS; and all other needed facilities; the whole operated by skillful and careful printers, who have both the disposition and ability to suit all who may favor us with their orders for any variety or style of PRINTING.

A comparison of our work with that of any other office—not our cheapest work with the best done by our neighbors, but a fair comparison—is respectfully invited.

JONES' PATENT KEROSENE LAMP,

UNRIVALLED IN BEAUTY,

SIMPLICITY,

OR ECONOMY.

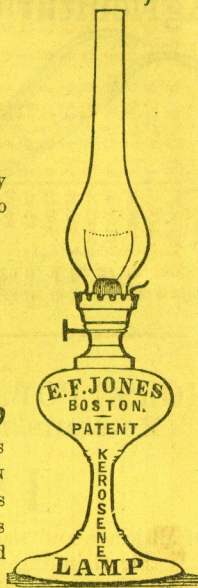

A PORTABLE LIGHT, equal in intensity of flame, and similar in appearance to Gas, at

One Third the Price.

JONES' PATENT LAMP,

For Burning KEROSENE OIL, which is manufactured by the NORTH AMERICAN KEROSENE OIL Co., from different kinds of Coal found in abundance in various localities within the United States and British America.

THE KEROSENE OIL IN JONES' PATENT LAMP,

Gives a better and more brilliant light than any other known substance, at less than one-half the cost of Candles, and five times cheaper than Burning Fluid; is perfectly clean; gives out no odor in combustion; will not congeal in any climate, and always perfectly safe in any hands, it being impossible for it to explode, or to be suddenly inflamed. In consequence of its economy, safety of its use and brilliancy of the light it emits, it will soon displace every other illuminating material of a portable nature.

It only needs to be seen to be appreciated. All who have examined it, give it preference over any other. Perfect satisfaction is guaranteed in every instance. We do not append testimonials, as it is desired that every one will examine for themselves, and if the Lamp cannot stand on its own merits, let it fall.

Any one wishing to try the Lamp, by enclosing \$3.00 by mail, will be furnished with a Lamp, 1 gal. of Oil in can, $\frac{1}{2}$ doz. Wicks, and two Chimnies, securely put up in one package, ready for Express.

DIRECTIONS.

Remove the cap, and trim the wick even with the tube; replace the cap; turn the wick up through the opening; light it, and turn it down below the opening; adjust the chimney, and allow it to burn low for a few moments, so as to prevent charring.

PUBLIC SCHOOLS.

PRIMARY SCHOOLS.

There are fourteen of these in Worcester, located in the central part of the city, and one at New Worcester. To these, children are admitted at four years of age and are instructed in the elements of reading, spelling, arithmetic and geography; they are then promoted to the

SECONDARY SCHOOLS.

Seven in number, in which the same studies are continued, with the addition of writing, drawing, and the history of the United States, till the scholars are fitted for the

GRAMMAR SCHOOLS.

There are two of these, the Thomas School on Thomas street, with six teachers, and the Sycamore street, with three teachers. Pupils are here taught reading, writing, spelling, arithmetic, grammar, geography, and the history of the United States.

Admission to any of these schools is obtained by a ticket from the Superintendent of schools, whose office is in the City Hall.

CLASSICAL AND ENGLISH HIGH SCHOOL.

Pupils are admitted to the High School by examination on the second Monday in January, if not members of the Grammar Schools; if members, they are not allowed to present themselves for examination, without permission from their teachers, or Committee. Scholars coming into the city after the annual examination, or prevented by good cause from attending at that time, may be examined for admission at such other times as the visiting committee shall direct. In this school the higher English branches, with the French, Greek and Latin languages, are taught. Scientific Lectures are given by the teachers every week, at which time persons not members of the school are admitted.

In all these schools, terms commence on the 2d Mondays of January and May, and the first Monday of September.

Besides the foregoing, a school is kept during the winter months for the benefit of lads and young men who attend only during that time. For several years, also,

FREE EVENING SCHOOLS

have been opened during the winter, for persons of all ages and both sexes, for whom no other school is provided. Domestic and other persons who are employed during the day, here have an excellent opportunity to commence or pursue their studies under competent teachers, free of cost; and many wisely avail themselves of it.

SUBURBAN SCHOOLS.

There are fourteen mixed suburban schools, at as many different points about the city, for the accommodation of families residing away from the centre. Most of them are taught by permanent female teachers, though a few prefer the old-fashioned method of employing a male teacher in winter, and a female in summer and autumn.

These schools are supported at a cost of over \$25,000 per year, and have the reputation of being on the whole, fully equal to any system of public schools in the country.

Near the close of the year 1856, the office of Superintendent of Public Schools was established

by the City Council, and Rev. Geo. Bushnell was elected to fill the office. His whole time is devoted to the interests of the schools, and he performs the duties of Secretary and business agent of the School Committee.

Monthly meetings of the teachers are held, for the purpose of comparing views, discussions, &c.

PRIVATE SCHOOLS.

of various grades, abound in the city. Among the more prominent of these are Mr. Metcalf's "Highland School," on Salisbury street; Mr. Beane's "Salisbury Mansion School," Lincoln Square; Mr. Fowler's "Oread Institute," on a romantic eminence west from the City Hall; the Worcester Academy, located in the old Antiquarian Hall, Summer street, in charge of Messrs Greene and Reynolds; Prof. Bushee's Young Ladies Institute, in Clark's Block, and Mr. Eaton's Commercial Institute, in Bank Block—which are boarding schools of high grade, and receive many scholars from abroad. There are, besides, several private schools for smaller scholars, which are generally well sustained.

Misses Robinson and Gardner's School of Design, in Clark's Block,—a new enterprise,—is a valuable addition to our educational advantages, and is meeting with success.

THE COLLEGE OF THE HOLY CROSS,

Situated on the beautiful eminence known as Mt. St. James, is designed exclusively for the education of young persons of the Catholic faith. Rev. Anthony Ciampi, S. J. is President; and is assisted by a full board of Professors.

THE FEMALE COLLEGE,

Whose central edifice, on Union Hill, may be seen from all quarters of the city, and from all the different trains of cars passing through the city, was established and opened for students on the first of Sept. 1856, with very gratifying success. Rev. E. A. Cummings is Financial Secretary; and Miss Julia S. Tower, Principal.

WORCESTER LYCEUM AND LIBRARY ASSOCIATION,

Is an association formed by the union of the Lyceum and the Y. M. Library Association. The Library and Reading Room are in the Worcester Bank Block, in care of Mr. John Gray, Librarian. The united Libraries contain about 5000 volumes, for the use of which the membership fee is only one dollar per year. The course of Thursday evening Lectures sustained as heretofore. Thos. Earle is President; Hamilton A. Hill, Secretary; Lyman L. Harding Treasurer.

THE NATURAL HISTORY DEPARTMENT, is composed of such members as choose to unite for the purpose of studying Natural History. This department has a valuable collection of specimens, and its meetings have been attended with great interest.

THE WORCESTER RHETORICAL SOCIETY, incorporated by the Legislature, continues to hold meetings at its Rooms, Harrington corner, "for mental and moral improvement of its members, by means of Essays, Debates, and various Rhetorical exercises." James H. Bancroft is President and B. D. Maxham Secretary.

WORCESTER CO. MECHANICS ASSOCIATION.

This Association provides a Course of Lectures each winter, and the use of its choice library of more than 140 volumes, besides other valuable privileges to its members. Geo. M. Rice is President; Phineas Ball, Secretary; Benj. Walker, Treasurer and Librarian.

This Association has erected a splendid and convenient building, known as Mechanics Hall, on Main Street, for the accommodation of lectures, fairs, &c., of the association. It is 100 by 145 feet on the ground, and 86 feet high from the sidewalk. There are four stores in the lower story, seven offices and library rooms, and a fine hall 50 by 80 feet, with anterooms, &c., on the second floor; and above this the great hall, 80 by 128 feet, with its anterooms and galleries. There are eight entrances to the hall, and six staircases communicating with the floor below. This hall is believed to be one of the most spacious and beautiful in New England, and will furnish seats for about 2500 persons.

WORCESTER CHILDREN'S FRIEND SOCIETY.

This Society still continues to "rescue from evil and misery such children as are deprived of their natural parents," and furnishes them a comfortable Home at its house on Pine Street, given by the liberality of the late Hon. JOHN W. LINCOLN, until homes are found for them in suitable families. Donations of money or provisions always thankfully received and judiciously used. Miss Tamerson White, Matron; Miss Louisa Gleason, Assistant Matron.

FEMALE EMPLOYMENT SOCIETY.

This is another public institution of much value. Its design is to furnish work, chiefly sewing, at fair prices, to the industrious poor, finding a market for the various articles manufactured, through its store on Pearl street, and in other ways. It is moreover a very convenient institution for families who wish to put out plain sewing, and especially for the lone bachelor, who may wish half a dozen shirts made up, or any other little jobs of sewing done,—saving him all the trouble of hunting up some one to do his work, and then of watching to see that it is done right; while at the same time it greatly aids many indigent persons in earning a livelihood, by honest industry, who otherwise might require the aid of charity. Rooms in Foster's Block, Pearl Street. Persis R. Davenport, Agent.

NEW ENGLAND PROTECTIVE UNION, DIVISION NO 42, has for several years done an extensive and valuable business in supplying its members and other citizens with Groceries and other Provisions at the lowest prices for cash. See advertisement.

WORCESTER MECHANICS MUTUAL LOAN FUND ASSOCIATION, a Corporation for the aid of mechanics and other workers in securing homes, by the regular monthly investment of small sums. A. L. Burbank, Sec'y, 205 Main St.

WORCESTER CO. HORTICULTURAL SOCIETY.

Stephen Salisbury, President; J. Henry Hill, Secretary; F. Wm. Paine, Treasurer; Clarendon Harris, Librarian. The weekly exhibition of Flowers and Fruits in the Hall of this Society, during the Summer, and its Annual Exhibitions

in September, have deservedly attracted much attention, and given a great impulse to the cultivation of good fruit, especially in this vicinity.

WORCESTER AGRICULTURAL SOCIETY.

John Brooks, President; Chas. M. Miles, Treasurer; Rufus Woodward, Cor. and Rec. Secretary. The Society has purchased nearly twenty acres of land on Highland St., west of the Court House, for the accommodation of its annual Exhibitions, including a half-mile trotting course, and has erected on the lot a spacious hall, in furtherance of the same object.

STATE LUNATIC HOSPITAL.

Trustees, Wm. T. Merrifield, Linus Childs, C. H. Stedman, Thos. Colt, Jos. F. Bates. Superintendent, Merrick Bemis, M. D.; Assistant Physician, Frank H. Rice; Treasurer, H. Woodward; Chaplain, Rev. Isaac Hosford; Matron, Miss Elizabeth G. Rice.

This Institution has now been in operation something more than a year. As a proof of the necessity of its establishment, we have only to say that up to the close of the last term, every possible chance of occupancy has been filled with students. Nearly two hundred young ladies have already enjoyed its advantages. A new wing is just completed, and is already filled with students. A second wing will be completed by the opening of the next term. These additions add largely to the comfort of the members of the College, and make this new home of science a welcome resort to all who are desirous of gaining a thorough education.

Expense of Board and Tuition, is only Eighty Dollars a year. Fuel and Lights, extra. Also, particular instruction in Music.

B. G. WILDER'S PATENT SALAMANDER SAFES.

The Subscriber is Agent for the sale of the above Safes, and would respectfully invite the attention of all interested, to their superior qualities.

Over **26,000** have been made and sold in the United States, and in almost every large fire that has taken place during the past 12 years, these Safes have been subjected to the severest tests, and in many cases containing property, as Gold, Silver, Jewelry, Account Books, Notes, Deeds, and evidences of Property, amounting from \$20 to \$50,000, and **Not One** of the "**Genuine Salamanders**," or any of their contents, has ever been destroyed.

They are free from dampness, even if kept closed for years. These "**Genuine Salamanders**" have achieved such a reputation that they can truly be said to be "**The BEST Fire and Burglar Proof Safe in the World.**"

Safes of any size, with inside arrangements to suit, furnished at the shortest notice, to Merchants, Brokers, Manufacturing Companies, Banks, Towns, Private Families, at prices equally low as any other manufacture. The sale of these Safes has commenced in good earnest in Worcester and vicinity, and hereafter no one who wants a Safe "that is a Safe," after examining these, will buy any other.

WORCESTER, Jan., 1858.

Worcester School of Design, AND ACADEMY OF FINE ARTS.

This Institution was opened Dec. 1st, 1856, for the purpose of affording thorough instruction in every department of Art.

Classes are formed for children and youth, (Wednesday and Saturday afternoons) who are taught to draw from the object itself; also to design. The **Architect, Teacher, Amateur, Designer, &c.** will here find instruction adapted to the profession of each. Those pupils who desire a thorough course of study, are required to commence with the simplest elements, and, aided by the principles of Perspective and Anatomy, to proceed to draw and paint from plaster and living models, and from nature.

MISS ROBINSON has long devoted her energies to the study of Art. After the experience of several years as a successful teacher in this country, she has studied nearly two years in Europe, under the tuition of the most eminent Designers and Painters, and there collected works valuable to the student and to the artist.

In connection with the School of Design, superior advantages are provided for the study of **VOCAL AND INSTRUMENTAL MUSIC**, and of the Ancient and Modern Languages. An English department is under the direction of an experienced teacher.

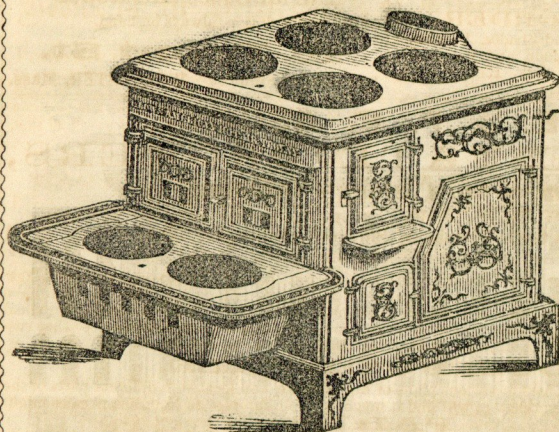

An Evening Class is formed for the accommodation of those who cannot attend during the day. A special class for teachers will be formed Wednesday and Saturday afternoons. Citizens and strangers visiting the city, are invited to visit the Gallery of Paintings at the Academy.

REAL ESTATE BROKERS,

Office, No. 1 Flagg's Building,

Opposite Bay State House, - WORCESTER, MASS.

Attention will be given to the Purchase, Sale and Exchange of Real Estate, in all
parts of the City and State.

Among the many desirable City Lots, they offer for sale those beautiful Lots located near the New
Common, which alone recommends them as superior to any others in the city. The sales that have
been made, shew their great demand and appreciation by the public in general. Possessing Real
Estate in different parts of the city, we can present almost every variety of situations, so that cus-
tomers can be accommodated in taste and price accordingly.

HOUSES FOR SALE.

We have also for Sale, Houses of various plans of architecture, and located in different parts of the
city and suburbs, whereby purchasers will find it much to their interest to examine, if sales might
not be the result.

FARMS.

Also, several desirable Farms for sale, varying in price according to size, quality and location.
Those in want of Farms will do well to give us a call, as they can suit themselves with less expense
than otherwise.

CITY OF WORCESTER.

Considering the local position of Worcester—the "Heart of the Commonwealth,"—the facilities of
communication to all the principal cities of the Union, the superior means for education in Public
Schools, Private Seminaries, and State Female College, together with various other facilities of moral
culture, it presents stronger inducements to locate, than any other city in the Union.

Also, Land Warrants bought and Sold at New York Cash Prices.

E. E. ABBOTT.

F. E. ABBOTT.

CAPRON'S PATENT COAL and WOOD RADIATING STOVES.

THE BEST STOVE IN USE.

The heat passes down the left hand column (seen in the above cut), circulates all around the base, through a flue $4\frac{1}{2}$ inches square on the inside, which radiates on four sides, then up the right hand column into the stove again. These Stoves have double the radiating surface of any in use, consequently most of the heat is retained in the room. The *Ash Pit* is above the base, so that it does not interfere with the flue through which the heat passes. These Stoves have been tried where the draught was very poor. They are warranted *not to throw gas*, and are easily managed. The grate should *not be shaken*. Use a small poker to enliven the fire. If you have good coal, free from slate, you may keep a fire from one end of the year to the other. Ordinarily, it is better to clear them out once a week, in order to remove the slate; by so doing you will save much heat.

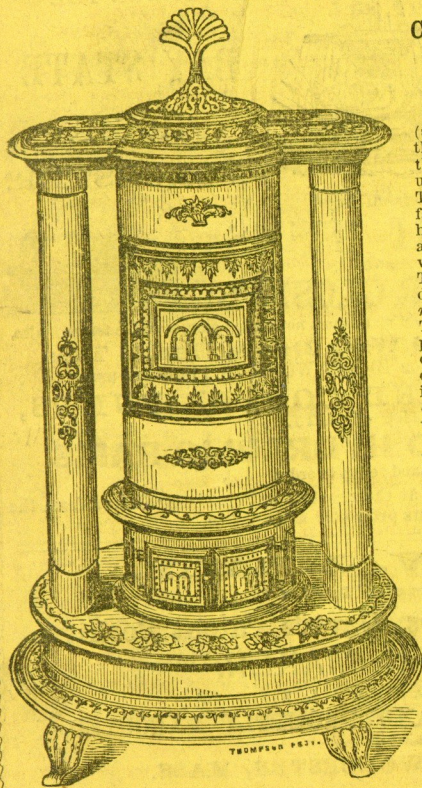

N. B. By observing the above directions, you can save 33 per cent., *certain, in the quantity of fuel.*

Capron's Car and House Wood Stoves operate on the same principle. It is conceded by persons who have used them, and warranted by the Patentee, that they will save 50 per cent. of the fuel used by any other Wood Stoves. The Providence and Worcester Railroad Company use them in all their passenger cars, the Worcester and Nashua, the Boston and Providence, the Boston and Worcester, the Providence and Stonington and the Western Railroad Companies, all have them, and pronounce them ahead of anything of the stove kind, for heating cars.

Try them, and they will keep you warm. Manufactured by
