MACGREGOR'S CELEBRATED VENTILATING PARLOR, OFFICE AND HALL STOVES AND HOT-AIR FURNACES,

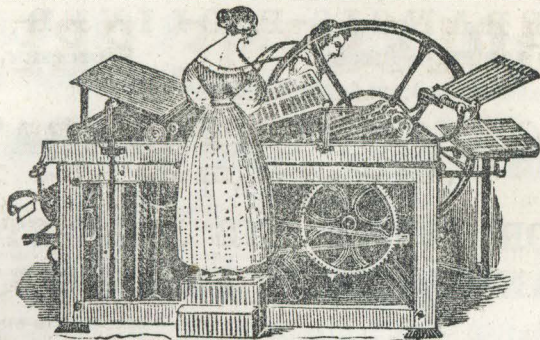

Which have been in use for twelve years, and with the Recent Improvements, for Economy, Purity of Air, and Ease in Management, has no Equal.

They can be so regulated as to give any degree of heat required, and unlike other anthracite coal-burners, *ventilate the apartments quite as thoroughly* as a wood fire or open Franklin, *producing a current of air at once moist, pure and agreeable*, and as NONE OF THE AIR WHICH COMES IN CONTACT WITH THE FIRE-POT, IS USED FOR RESPIRATION, the tendency to produce headache so much complained of by those using stoves and furnaces is entirely obviated.

The fire may be continued from one to three days without replenishing.

These stoves are beautiful in design, and finished in the most perfect manner. They are equally appropriate, and have given universal satisfaction to all who have adopted them for Offices and Stores, as well as the Parlor. The inventor challenges THE WORLD to produce an article by which so much pure warm air can be generated from so small an amount of fuel—requiring but about fifteen lbs. anthracite coal to warm an ordinary parlor for twenty-four hours without replenishing, and then leaving fire

enough to rekindle, without the use of charcoal. The coal is all consumed and no clinkers made, consequently sifting coal is dispensed with. When this Stove is properly managed the fire continues through the entire season, without once going out. Our SIXTEEN SIZES are calculated for, and will suit the capacity of the smallest rooms, or the largest Houses, Stores, Halls or Churches, while one size of the Furnace will warm 20,000 cubic feet of space. Added to all these qualifications, the purchaser may reasonably expect to save 30 per cent. in fuel expense.

**JAMES
PYLE'S
DIETETIC
SALERATUS.**

**JAMES
PYLE'S
DIETETIC
SALERATUS.**

HOUSEKEEPERS!

Always Buy the Best!

This SALERATUS should be found in the culinary department of every house in this land. Its unquestionable purity and excellence in producing GOOD BREAD, must bring it into general use. The wide-spread reputation it has already gained, is the result of real merit, and shows the ability of the American People, to discriminate in favor of a wholesome article.

There are thousands of sufferers from dyspepsia, decayed teeth, and other derangements of the system, brought on by the use of common *Caustic Saleratus*. It is a sad spectacle, too, to look upon the "puny-faced child" of the present day, without constitution, and with its teeth all eaten out, and think of the cause being impurities in food.

How much longer, *good mothers*, is this state of things to last? Ask for

JAMES PYLE'S DIETETIC SALERATUS,
which is FREE FROM EVERY IMPURITY, and as harmless to the stomach, as flour itself.

If you want nice Biscuit, Cake &c., you can find nothing to equal it. Tell your Grocer you want no other. No doubt he will tell you it is no better than any other, in order to get rid of his old stock, or something on which he can realize larger profit; but persevere until you get it, and JUDGE FOR YOURSELF.

BEWARE OF COUNTERFEITS.

The readiness of unscrupulous rivals to imitate our labels, signifies much in our favor. The genuine is done up in pounds, halves and quarters, with the name of "JAMES PYLE," on each.

DEPOT, 313 WASHINGTON ST., New York. Sold by Grocers generally.

JAMES PYLE'S GENUINE CREAM TARTAR

Put up in Pounds, Halves and Quarters, is the most reliable article in the market. It is free from Alum, Chalk, and all those unwholesome adulterations which characterize the greater part of the Cream Tartar in use. No article connected with the culinary department, is more dangerously adulterated than this. Housekeepers should look after such things, and inquire for the BEST, even if they have (and justly, too,) to pay a little higher for it.

GROCERS AND STOREKEEPERS,

Generally, will do well to give us a call. We have a large stock of the following goods, put up in the neatest style possible.

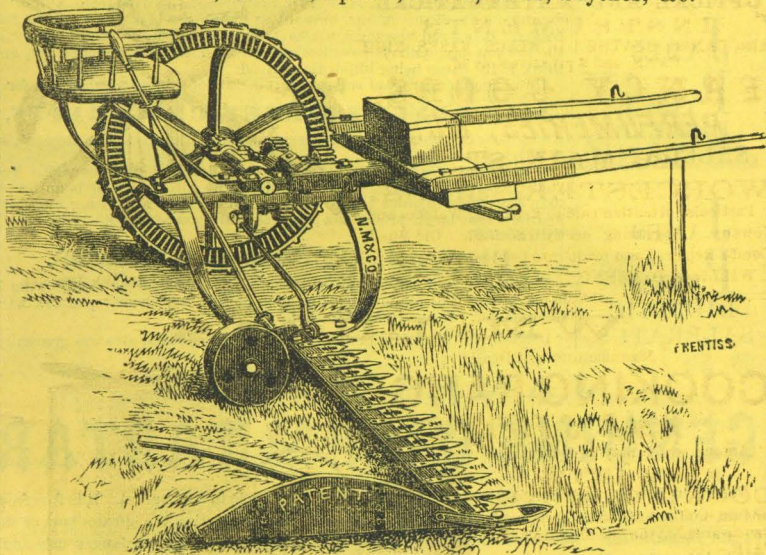

CREAM TARTAR in every style required by the trade. Also, Super Carbonate of Soda, and Sal Soda, in large quantities in store, and to arrive. Indigo, F.g Blue, Ames' Chemical Soap, Thompson's, Transparent, Glenfield Patent Starch, Fancy Soaps, Pure Starch, DIXON'S Carburet of Iron STOVE POLISH, and

JAMES PYLE'S CHEMICAL OLIVE SOAP.

P L O W S,

Of all kinds and sizes, Harrows, Cultivators, Horse Hoes, Seed Sowers,

KETCHUM'S AND HEATH'S MOWERS, HORSE AND HAND RAKES,
Portable Grinding Mills, Hay, Stalk & Straw Cutters,
 Store Trucks, Shovels, Spades, Forks, Hoes, Scythes, &c.

They would invite special attention to their recently improved
ONE-HORSE MOWING MACHINE,

which they believe to be just the Machine wanted by N. E. Farmers, as it is simple in construction, easy of operation, light and cheap enough to be within the means of most farmers.

The machine is so constructed as to combine great strength and durability with the smallest possible weight; the cutters are so formed as to prevent entirely the liability to clog, so troublesome in some machines; it may be stopped and started in wet or lodged grass, without backing; the seat is conveniently placed, so that the operator can ride with perfect ease, to himself and the horse; it has a wheel and lever attached, by which the operator can instantly raise the cutter-bar 6 or 8 inches, and by another lever, can instantly throw it in and out of gear, to pass over a stone or other obstruction, and the machine may thus be drawn to and from the field, &c.; the cutter-bar being always on a line with the axis of the driving wheel, this machine operates well on rough or uneven ground, where other machines cannot mow. The machine is constructed entirely of iron, and its parts so adjusted and guarded against accidents, that it requires but little more attention to keep it in working order, than the common scythe.

HENRY J. HOWLAND'S
 PRINTING ESTABLISHMENT,

is the place to get your Jobs done cheap and well.

PUBLIC SCHOOLS.

The public schools in Worcester have long enjoyed a very high reputation for their excellence; and the larger part of them are well deserving that reputation. They are some forty in number, taught by 8 male and 76 female teachers, and located in all parts of the city, to accommodate as nearly as may be, all the children within its boundaries. Those in the center and New Worcester are graded, —and admission to their advantages is obtained by application to the Secretary. The schools are under the special charge of a Committee of twenty-four, whose deliberations are presided over by the Mayor.

The Classical and English High School is designed to give free instruction in all the higher English studies, as well as in the Latin, Greek and French languages.

In all these schools, terms commence on the 2d Mondays of January and May, and the first Monday of September.

Besides the foregoing, a school is kept during the winter months for the benefit of lads and young men who attend only during that time. For several years, also,

FREE EVENING SCHOOLS

have been opened during the winter, for persons of all ages, and both sexes, for whom no other school is provided. Domestic and other persons who are employed during the day, here have an excellent opportunity to commence or pursue their studies under competent teachers, free of cost; and many wisely avail themselves of it.

PRIVATE SCHOOLS,

of various grades, abound in the city. Among the more prominent of these are Mr. Metcalf's "Highland School," on Salisbury street; Mr. Beane's "Salisbury Mansion School," Lincoln Square; Miss Dodge's "Oread Institute," on a romantic eminence west from City Hall; the Worcester Academy, located in the old Antiquarian Hall, Summer street, in charge of Messrs Green and Reynolds; Prof. Bushee's Young Ladies Institute, in Clark's Block, and Mr. Eaton's Commercial Institute, in Bank Block—which are boarding schools of high grade, and receive many scholars from abroad. There are, besides, several private schools for smaller scholars, which are generally well sustained.

Misses Robinson and Gardner's School of Design and French Institute, in Clark's Block,—a newer enterprise,—is a valuable addition to our educational advantages, and is meeting with encouraging success.

THE COLLEGE OF THE HOLY CROSS,

Situated on the beautiful eminence known as Mt. St. James, is designed exclusively for the education of young persons of the Catholic faith. Rev. Anthony Ciampi, S. J., is President; and is assisted by a full board of Professors.

THE FEMALE COLLEGE,

Whose central edifice, on Union Hill, may be seen from all quarters of the city, and from all the different trains of cars passing through the city,

was established and opened for students on the first of Sept. 1856, and now has some 130 students. It is intended to furnish for women the advantages of a full classical and collegiate education; and the expenses are materially reduced by the performance of the domestic duties of the boarding department, by the pupils. Rev. Geo. W. Gunnison is President. Rev. Joseph Smith, Steward. Rev. E. A. Cummings, Financial Secretary.

WORCESTER LYCEUM AND LIBRARY ASSOCIATION.

The Library and Reading Room of this Association are in the Worcester Bank Block, in care of Mr John Gray, Librarian. The united Libraries contain about 5000 volumes, for the use of which the membership fee is only one dollar per year. A course of Thursday evening Lectures are sustained as heretofore. Hon. Ira M. Barton President; Edward Earle and G. W. Bentley, Vice Presidents; Rev. T. W. Higginson Corresponding Secretary; Thomas Kinnicutt, Recording Secretary; Lyman L. Harding, Treasurer.

The NATURAL HISTORY DEPARTMENT, is composed of such members as choose to unite for the purpose of studying Natural History. This department has a valuable collection of specimens, and its meetings have been attended with great interest.

The WORCESTER RHETORICAL SOCIETY, incorporated by the Legislature, meets every Tuesday Evening, at its Rooms, South Warren Hall, "for mental and moral improvement of its members, by means of Essays, Debates, and various Rhetorical exercises." Israel M. Rogers is President; George F. Thompson, Vice President; Clark Jillson, Cor. Secretary; Fred. B. Palmer, Rec. Secretary; J. Nelson Jacobs, Treasurer.

WORCESTER CO. MECHANICS ASSOCIATION.

This Association provides a course of Lectures each winter, and the use of a choice library of more than 1400 volumes, besides other valuable privileges, to its members. Geo. M. Rice is President; Phineas Ball, Secretary; Jos. P. Hale, Treasurer.

The Mechanics Hall, erected by this Association is believed to be one of the most spacious and beautiful in New England, and will furnish seats for about 2500 persons. There are eight entrances to the hall, and six staircases communicating with the floor below.

WORCESTER CHILDREN'S FRIEND SOCIETY.

This Society still continues its efforts to "rescue from evil and misery such children as are deprived of their natural parents," and provides for them, at its house on Pine street, until homes are found for them in suitable families. Donations of money or provisions always thankfully received, and judiciously used. Miss Tamerson White, Matron; Miss Louisa Gleason, Assistant Matron.

FEMALE EMPLOYMENT SOCIETY.

This is another public Institution of much value. Its design is to furnish work, chiefly sewing, at fair prices, to the industrious poor, finding a market for the various articles manufactured, through its store, 100 Main street, and in other ways. Persis R. Davenport, Agent.

WORCESTER MECHANICS MUTUAL LOAN-FUND ASSOCIATION, a Corporation for the aid of mechanics and other workers in securing homes, by the regular monthly investment of small sums. A. L. Burbank, Sec'y, 205 Main St.

WORCESTER CO. HORTICULTURAL SOCIETY.

D. Waldo Lincoln, President; J. Henry Hill, Secretary; F. Wm. Paine, Treasurer; Clarendon Harris, Librarian. The Annual exhibition of Flowers and Fruits in the hall of this Society, in September, has deservedly attracted much attention, and given a great impulse to the cultivation of good fruit in this vicinity.

WORCESTER AGRICULTURAL SOCIETY.

Wm. S. Lincoln, President; Chas. M. Miles, Treasurer; John A. Dana, Cor. and Rec. Sec'y.

The Society has purchased nearly twenty acres of land on Highland St. west of the Court House, for the accommodation of its annual Exhibitions, (including a half-mile trotting course,) on which is erected a spacious hall.

CEMETERIES.

The **HOPE CEMETERY**, near New Worcester, is owned by the city. Its beautiful location and fine natural advantages, with the good taste exhibited in preparing it for use, have rendered it an attractive place of resort for citizens and strangers, and it will be more and more visited, as it becomes better known. Persons who wish, may secure lots by purchase at a low price, by application to the City Treasurer, while ample provision is made for the accommodation of families not wishing to purchase, without charge.

The **RURAL CEMETERY**, on Grove Street, loses none of its hold on the best feelings of our citizens, as one by one the remains of our friends are deposited within its hallowed enclosure. Constant improvements are going forward there, quite creditable to the good taste of those having them in charge. It is managed by a Board of Trustees, consisting of Levi Lincoln, President; Geo. T. Rice, S. Salisbury, H. W. Miller, F. W. Paine, and F. H. Dewey. C. Harris is Clerk, and S. Jennison Treasurer.

A Professional Cloth Dresser erases the Grease entirely, makes the Garment soft, silky, and pliable, and brings original lustre to the most delicate fabric. A Cloth Murderer cleans the nap and drives the grease and dirt into the body of the cloth, makes the garment stiff and hard, and eventually rots it.

MORE TO BE ADMIRER THAN THE RICHEST DIADEM

— EVER —

WORN BY KINGS OR EMPERORS.

What? Why a Beautiful Head of Hair.

Because it is the ornament *God himself provided* for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh and dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms.

PROF. WOOD'S HAIR RESTORATIVE,

if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

NEW YORK, April 19, 1858.

DR. WOOD:

Dear Sir,—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

I am, dear sir, yours truly, S. THALBERG.

"Drych a'r Gwyllydydet."

Welsh Newspaper Office, 13 Nassau St., April 12, 1858.

PROF. O. J. WOOD:—Dear Sir,—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect, by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair. CHAS. CARDEW.

NEW YORK, July 25, 1857.

PROF. O. J. WOOD:—With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.

J. G. KILBY.

PROF. WOOD:—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, (black). At this time it is fully restored to its original color, health, and appearance, and I cheerfully recommend its use to all.

J. D. HOES.

Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds $\frac{1}{2}$ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3.

DANIELS' PATENT

GRANULAR FUEL.

PATENTED JUNE 15, 1852.

Manufactured from Brushwood & Twigs, for
IGNITING HARD COAL,

It being SUPERIOR TO CHARCOAL, (no Shavings wanted,) besides being much
cleaner, and free from Dust.

Hundreds of Testimonials can be shown from customers who pronounce it superior to
Charcoal or Split Wood for kindling Coal fires, and most excellent for a summer fuel; with the use
of it great economy can be practiced, as just the quantity required for summer cooking (which in a
small family is light) can be used, thereby preventing the unpleasant heating of the rooms from a
fire which continues to burn after you are done with it.
