# CHILSON'S CONE FURNACE,

## FIVE SIZES.

**A CHALLENGE TO THE WORLD.**

**A GOLD MEDAL**

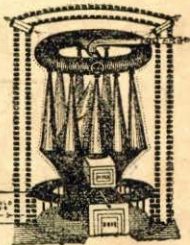

AWARDED BY THE

Mass. Charitable Mechanic Association

FAIR OF 1856.

Patented in the United States, England & France.

No person will be likely to use any other kind of Furnace long, after once understanding the principle upon which the CONE FURNACE is constructed.

# CHILSON'S

**Patent Elevated**

# DOUBLE-OVEN COOKING-RANGE.

The great popularity of this Range, as proved by the use of some THREE THOUSAND RANGES, will induce almost every person in want of a COMPLETE COOKING APPARATUS to give it a decided preference over any other pattern known. It is entirely new in principle, having 5 claims patented for improvements not found in any other Range, and overcoming all their objections. Its unparalleled economy in the use of fuel; its quick and even-baking ovens; its patent self-regulating flues around the ovens, *without the use of dampers*; its cast flue-plates around the ovens; and its superior, fine, heavy castings, are improvements that will be appreciated by every house-keeper.

Different sizes, adapted for Family or Hotel use, with or without water-backs, hot-air fixtures, and hot closets, together with

# Furnaces, Stoves, Mantels,

GRATES, REGISTERS, VENTILATORS, &c., at

can be procured. This handle surpasses in durability and elegance anything before produced, and we would invite particular attention to it. Umbrellas and Parasols Re-covered and Repaired.

## BOOKS & STATIONERY.

The subscribers, having purchased the Book and Stationery Establishment at No. 9 MAIN STREET, recently occupied by Mr. EDWARD MELLEN, Jr., take occasion, in assuming the management of the same, to assure the public that no pains will be spared to render it in all respects worthy of patronage. Mr. GROUT, from his former successful management of this business for a number of years, and Mr. BIGELOW, from his more recent connection of nine years as salesman, have facilities surpassed by none to understand the requirements of the public. It will be the study of the proprietors to keep a large and well selected assortment of

**Literary, Standard and Miscellaneous Books.**

OUR FACILITIES FOR THE

**MANUFACTURE OF BLANK BOOKS,**  
 the best material and workmanship, enable us to fill promptly the most particular orders. Our assortment of

ALZIRUS BROWN, *Chief Engineer.*

A. B. Lovell, R. M. Gould, A. M. Barrows, S. E. Combs, Wm. A. Swallow, and F. W. Townsend, *Assistant Engineers.*

The force of the Department consists of 257 men, in eleven companies. For apparatus, there are two steam fire engines, the Gov. Lincoln and Col. Davis; four superior hand engines; two sets hooks and ladders; and a good supply of hose, with the necessary carriages.

## CITY AQUEDUCTS.

The hitherto scanty supply of water, for manufacturing and other uses, is to be increased by the introduction of water from Lynde Brook in Leicester, by aqueducts through Leicester and Main streets. This was decided by vote of the citizens in their several Ward rooms, Jan. 18, 1864, 864 voting in favor of the measure, and 282 against it. The cost of land, reservoirs, aqueduct, &c., is estimated at \$98,536. The supply of water available is estimated at from three to six million gallons a day. The main pipe is to be connected with that of the Bell Pond aqueduct. It is also estimated the water may be sold for mechanical and other purposes, sufficient to pay the interest, and eventually the principal, of the cost of its introduction.

**DICTIONARIES IN ENGLAND.**—There are at the room of the agent for Webster's Dictionaries, at Mason & Hamlin's, 274 Washington street, specimen copies of six different editions of Webster's Dictionary, published in England, and also specimens of "Noah Webster's British and American Spelling Book," and "The Illustrated Webster Reader," also from the English press. No person can examine these volumes without realizing how very great a popularity the name of Noah Webster has attained in Great Britain.—*Boston Journal*, July 23, 1863.

"We have observed that with literary men generally, spelling is entirely a matter of habit, very few of them conforming strictly to the authority of any dictionary; while in this country at least, the authors of educational text books, and other works, in reference to which the question of orthography is carefully considered, very generally recognize and carefully follow Webster as their standard.

D. APPLETON & Co.,  
CHARLES SCRIBNER,  
GEORGE P. PUTNAM.

The following has just been received from Messrs D. Appleton & Co;

New York, July 9, 1863.

*Gentlemen,*—In answer to your inquiry as to the orthography we adopt in our publications, we reply that when the matter is left to us, we should not think of following any one but Webster, which is generally acknowledged to be the standard authority in such matters.

As you are aware, however, literary men are sometimes notional, and when one of our authors persists in a desire to spell according to Walker, or Worcester, or Johnson, or himself, we yield the point.

Very respectfully,

D. APPLETON & CO.

Sold by all Booksellers. **G. & C. MERRIAM, Springfield, Mass.**

**MUST BE SEEN TO BE APPRECIATED.****THE FLORENCE SEWING MACHINE.**

1. Unequaled in beauty of design and style of finish making: four distinct stitches on one and the same machine: stitch alike on both sides of the fabric.

2. Is the most simple and perfect in its mechanical construction of any Sewing Machine yet offered to the public, and the only one capable of making more than one kind of stitch.

3. The feed may be reversed at any point desired without stopping the Machine. The Shuttle to this Machine is a new Patent, and is so constructed that it will not vary in running the thread off of the Bobbin.

4. Is not liable to get out of order: almost noiseless, and is adapted to all kinds of cloth work, from thick to thin, without altering the tension. Fully protected and licensed under Elias Howe, Jr., and his associates, and is a splendid Machine.

**Every Machine Warranted. Price from \$50 to \$150.**

This beautiful machine is now the only low-priced Sewing Machine in the market, ALL OTHERS having been suppressed for infringement of patent-rights.

C. L. Flint, Sec'y of the Mass. Board of Agriculture, speaking of the London International Exhibition, says:—"Willcox & Gibbs Sewing Machines took the lead, in my opinion, of the many patterns on exhibition, and it is hardly necessary to say that they attracted around them an admiring crowd. This machine is a single-stitch, very simple in contrivance, easily understood and kept in order, and, what is often of considerable importance, runs without the noise which most other machines produce."

## THE FLORENCE SEWING MACHINE MAKES FOUR DISTINCT STITCHES,

Lock Stitch.

Double Lock Stitch.

Knot Stitch.

Double Knot Stitch.

On one and the same Machine!

AND HAS THE REVERSIBLE FEED.

Changes for the various stitches may be made while the machine is in motion. The beauty of its stitch unsurpassed. No other covers so large a range of work. Sews light and heavy fabrics with equal facility. The work will feed either to the right or left. Runs quietly; sews rapidly.

# EDUCATIONAL AND BUSINESS INFORMATION.

## PUBLIC SCHOOLS.

There are sixty-nine public schools in Worcester, instructed and managed by eighty female and five male teachers. The whole number of scholars connected with the schools during the last summer term was 4914, being an increase of 139 scholars during the year. The average daily attendance was 3846—an increase of 135. The largest number present at one time was 4500; the smallest at one time, 2540. The amount raised by taxation for the support of the public schools for 1863-4 was \$38,000, besides \$18,370 for the erection of two new school houses, one of two rooms at Pleasantville, and one of four rooms on Shrewsbury street. No. of minors between 5 and 15 years of age, 4810—increase in one year, 209.

The schools in the Centre are in six grades, the courses of study requiring two years in each grade except the High School, which requires four years. Those in New Worcester, South Worcester and Quinsigamond are all graded, the first having three and the others two grades each.

Besides the graded schools in the centre, one has been established for truants and scholars of irregular habits, taking the place of the Apprentices School, but continuing through the year, and an Evening School during the winter months, both by the same teacher, which have been quite successful in relieving the other schools of pupils who could not profitably attend them, and in providing the means of education for many whose age or employment during the day prevents their attending the other schools.

Still another school has been commenced, at the City Farm, where children, whose parents cannot or will not restrain them, are to be kept from mischief, and instructed in elementary learning and useful work.

The range of studies in the public schools includes all branches, from the Alphabet to the Higher English studies, and Latin, Greek and French languages.

The schools are under the general charge of a committee of twenty-four, (eight being elected each year, and serving three years,) whose deliberations are presided over by the Mayor. Besides

the supervision of the committee, the scholars have the benefit of the entire services of the superintendent, Rev. J. D. E. Jones, which have proved very useful and economical.

The office of the Superintendent is in the City Hall, where he may usually be found from 8 to 9 and 12 to 1 o'clock daily, when the schools are in session.

The annual cost per scholar in the several grades is as follows:

|                             |         |
|-----------------------------|---------|
| High School, .....          | \$24.87 |
| Grammar, upper grade, ..... | 15.74   |
| “ lower grade, .....        | 8.92    |
| Secondary, .....            | 8.34    |
| Primary, .....              | 7.01    |
| Sub Primary, .....          | 6.58    |
| Suburban, .....             | 10.19   |

The school year commences on the second Monday in May, and is divided into four terms, comprising forty-three weeks, and commencing respectively on the second Monday in May, the first Monday in September, the Monday after Thanksgiving, and the last Monday in February.

The Annual Examination is made at the close of the Spring term, and promotions are made only at that time, except in special cases, to be voted by the Board.

The Vacations in all the schools, except the Suburban are: six weeks preceding the first Monday in September: Thanksgiving week: one week preceding the last Monday in February: and one week preceding the second Monday in May.

Gymnastic Exercises have been successfully introduced into the public schools, and if not allowed to interfere with the legitimate business of the schools, will doubtless prove useful and healthful.

Instruction in Music is now regularly given in the High, Grammar and Secondary Schools by Mr. I. N. Metcalf.

Twenty SILVER MEDALS are annually awarded from the income of the Bullock fund, to pupils in the High School who excel in the several branches pursued there.

PRIVATE SCHOOLS, of various grades, abound in the city. Among the more prominent of these are Mr. Metcalf's "Highland Military School," for boys, on Salisbury street: Rev. Dr. Pattison's "Oread Institute," on a romantic emin-

ence west from City Hall; the Worcester Academy, corner of Belmont and Summer Sts., A. P. S. Stuart, Principal; Prof. Bushee's Young Ladies Institute in Clark's Block, which are boarding schools of high grade, and receive many scholars from abroad. There are also several private schools for smaller scholars.

THE COLLEGE OF THE HOLY CROSS, situated on the beautiful eminence formerly known as Pakachoag hill, now as Mt. St. James, is designed exclusively for the education of young persons of the Catholic faith. Rev. James Clarke, S. J., is President; and he is assisted by a full board of Professors.

THE FEMALE COLLEGE, on Providence street, is intended to furnish young women the advantages of a full classical and collegiate education: and the expenses are materially reduced by the performance of the domestic duties of the boarding department by the pupils.

WORCESTER CO. MECHANICS ASSOCIATION. This Association provides a course of Lectures each winter, and the use of a choice library of more than 1400 volumes, besides other valuable privileges, to its members. Richard Ball, President; Phineas Ball, Secretary and Treasurer; Wm. Knowles, Janitor.

The Mechanics Hall, erected by this Association, is one of the most spacious and beautiful in New England, and will furnish seats for about 2400 persons. There are eight entrances to the hall, and six stair-cases communicating with the floors below. Washburn Hall, in the same building, is a very accessible and convenient Hall for an audience of five or six hundred persons.

A superior Organ has been contracted for, to be placed in Mechanics Hall during the current year.

### PUBLIC LIBRARY BUILDING.

This splendid edifice is located on the south side of Elm street, a few rods from Main. It was erected in 1861-2, at the expense of about \$30,300, for the safe keeping and distribution of the Free Public Library of the city; and it now affords room for that purpose, besides accommodating the Worcester District Medical Library, the Library of the Farmers Club, and the Cabinets of the Natural History Society, and for the present a Grammar School for Girls is taught in the Basement.

THE FREE PUBLIC LIBRARY is in two departments. 1. The Circulating Department contains about 5800 volumes, which may be taken out freely for reading by any of our Citizens over 15 years of age. This has been largely used, the average number of takers having been over 220 daily.

2. The Consulting Department, or Green Library. This department contains upwards of 10,000 volumes, many of them very rare and valuable, mostly given to the city by Dr. John Green, with the condition that a suitable building should be provided for them, and that they should not be taken from the library room but freely read there at all times when the rooms are open.

This Green library is not, as many have thought, a collection of medical or other by-gone works, but the books have been purchased by the venerable Donor during several years for the specific purpose to which they are now appropriated, at a great expense, and embrace a very great range of topics of interest to all classes of the community. When a catalogue shall be completed, (it is now in progress,) so that people can know something of the variety and value of this branch of the Public Library, a new interest will doubtless be excited, and the number of visitors largely increased.

The Library rooms are open from 9 A. M. to 1 P. M., and from 2 to 5, and 6½ to 8 P. M. Z. Baker, Librarian; Mrs. Z. Baker and Miss C. Barnes, Assistants.

LIBRARY OF THE WORCESTER DISTRICT MEDICAL SOCIETY. This Library was commenced in 1798, by the gift of "fifty pounds value in books" by Dr. Elijah Dix of Worcester. It has since been largely increased by donations from Physicians, and recently by the income of \$6000 bequeathed for the purpose by Hon. Daniel Waldo. It contains about 3500 volumes, chiefly medical and surgical works, almost exclusively of the Allopathic school, which may be consulted by our citizens at the rooms only, in exchange for which privilege the city furnish the use of the room and the services of the Librarian.

THE NATURAL HISTORY SOCIETY, now occupying two rooms in the basement story of the Public Library building, has adopted a new plan of organization, defining the objects of the Society to be, 'the cultivation of the study of Natural

History and the formation of a cabinet of specimens with more especial reference to Worcester County.' Regular meetings are held on the second Saturday evening of each month, and are attended with great interest. Reports are then made on specimens presented at former meetings or on some subject of particular interest to the naturalist; contributions are received and referred to the curators or members for report at subsequent meetings. The plan of opening to the public the cabinet rooms on Wednesday afternoons has been a decided success. Large numbers of scholars from our public schools have availed themselves of this opportunity to pursue their investigation in this elevating study.

OFFICERS.—President, Rufus Woodward, M. D.; Vice President, Stephen Salisbury, jr.; Secretary, H. A. Marsh; Treasurer, Nath'l Paine.

CURATORS.—Botany—Miss Annie B. Earle; Mineralogy and Geology—Prof. Jas. Barker, C. B. Whiting; Comparative Anatomy—Dr. Rufus Woodward; Ornithology—W. A. Smith, Jas. S. Rogers; Herpetology—Stephen Salisbury, jr.; Ichthyology—James K. Lombard; Mammalia—Nath'l Paine, C. Gilbert; Molusca—James G. Arnold; Articulate—T. W. Higginson, J. A. Arnold, Helen M. Knowlton; Radiata—Chas. A. Chase; Zuleontology—R. Hamant, G. W. Holden.

THE WORCESTER RHETORICAL SOCIETY was incorporated in 1853, "for mental and moral improvement, by means of Essays, Debates, and various Rhetorical exercises." J. N. Jacobs, Clark Jillson, J. H. Bancroft, J. H. Walker, and Eli B. Fairbank, Trustees. Geo. R. Peckham, President. Jesse B. Wheeler, Vice President. J. H. Bancroft, Clerk and Treas'r.

WORCESTER LYCEUM. This time-honored association still continues in the field, with its annual course of Popular Lectures, though shorn of its former dimensions by the withdrawal of its Library to aid in forming the Free Public Library, and the Natural History Society. Abram Firth is acting President, and Charles A. Chase Secretary.

WORCESTER MOZART SOCIETY. This is a musical association, composed of professors of music and members of the several choirs of the city. The society meets for the rehearsal of sacred music, &c., Monday evenings during the winter,

and occasionally favors the public with concerts. P. W. Taft, President; A. Firth, Vice President; J. A. Dorman, Secretary and Treasurer; B. D. Allen, Musical Director; C. R. Tenney, Libra'n.

THE WORCESTER CHILDREN'S FRIEND SOCIETY continues its efforts to "rescue from evil and misery such children as are deprived of their natural parents," and provides for them, at its HOME on Shrewsbury street, until homes are found for them in suitable families. Donations of money or provisions always thankfully received and judiciously used. Miss Tamerson White, Matron; Miss Harriet Knight, Assistant.

WORCESTER CO. HORTICULTURAL SOCIETY. George Jaques, President; E. W. Lincoln, Secretary and Librarian; F. Wm. Paine, Treasurer. The Annual exhibition of Flowers and Fruits in the Hall of this Society, in September, has attracted much attention, and given a great impulse to the cultivation of good fruit in this vicinity. During the past year exhibitions of Fruits, Flowers, &c., and conversations in relation to them, have been held at the Hall on Thursday afternoons, which have proved interesting.

WORCESTER AGRICULTURAL SOCIETY. Alex. H. Bullock, President; John D. Washburn, Secretary and Treasurer. The society has nearly twenty acres of land on Highland st., west of the Court House, for the accommodation of its Annual Exhibitions, on which is erected a spacious Hall.

**THE ADRIATIC MILLS.** This is the name adopted for a new and important addition to the business interests of Worcester during the past year. The property, consisting of the building formerly known as the South Junction Shop and twelve acres of land around it, is owned by Jordan, Marsh & Co. of Boston. The main building is 400 feet long, 40 feet wide, and two stories high. Several additions have been built to accommodate the different branches of the business. The arrangements are for twelve sets of cards and twenty jacks of four thousand eight hundred spindles. The looms are from the well known establishment of Geo. Crompton. The cards, jacks, &c., were furnished by Cleveland & Co.; the belts by Graton & Knight, and nearly every thing else of the equipment by Worcester Mechanics, excepting the motive power,—a steam engine of 160 horse power, from the Corliss Co.'s works. The whole has been from the first under the management of Mr. J. G. Sargent, formerly of Leicester, who is to continue in charge as agent for the proprietors.

**BIGELOW'S STEAM SHOE MANUFACTORY.** Another liberal contribution to the manufacturing business of Worcester is the new and substantial Steam Shoe Manufactory, erected the past year at the corner of High and Austin Streets, by Messrs C. D. and W. B. Bigelow, whose salesrooms are in the city of New York. The building is 120 by 41 feet, and four stories high including the basement. The rooms are light and airy, supplied with water and gas and heated by steam throughout, with other conveniences for the health and comfort of the operatives, of whom about 60 women and 160 men will be employed, when the factory shall be in full operation, in the manufacture of fine sewed and pegged shoes. Machinery driven by steam will be employed in preparing and cutting the leather, sewing up the seams, pegging and sewing on the bottoms, trining the heels, and in fact doing nearly all the work of manufacturing the shoe.

**WORCESTER HORSE RAILROAD COMPANY.** This Company was chartered in 1861, and the first two routes of its track, leading from Lincoln Square over the whole length of Main street to Webster Square, and over Lincoln, Main, Front, and Grafton Streets to the Western Railroad Depot, were opened for public use Sept. 1, 1863. During the month of September, 44,925 passengers were carried in its cars. In October, 38,810. The trips commence at 6 A. M. and continue till 11 P. M. The Pleasant st. route was opened Nov. 3. Other extensions of the road are proposed, one over Trumbull and Green Streets having been located. The capital stock of the Company is \$100,000.

### CEMETERIES.

The **HOPE CEMETERY**, near New Worcester, is owned by the city. The beautiful location and fine natural advantages of this spot, improved as they have been by the Commissioners in charge, render it an attractive place of resort for citizens and strangers, and it is more and more visited as it becomes better known. Persons who wish, may secure lots by purchase, at from five to forty dollars, according to location, &c., by application to the City Treasurer.

The **RURAL CEMETERY**, on Grove street, is the property of a Corporation, which includes a large portion of our older citizens. Constant improvements are going forward there, quite creditable to the good taste of those having them in charge. It is managed by a board of Trustees, consisting of Levi Lincoln, President; Geo. T. Rice, S. Salisbury, H. W. Miller, F. W. Paine, and F. H. Dewey. C. Harris is Clerk, and Geo. Chandler, Treasurer.

At Milford, 4th Tuesday in May, and Wednesday next after 4th Tuesday in Oct.

For Insolvent business, in the Brick Court House, Worcester, the 2d and 4th Tuesdays in each month. At Fitchburg, the last Saturdays of January, March, May, July, September and November.

## POLICE COURT.

IN EAST CITY HALL. WM. N. GREEN, Justice, J. W. WETHERELL and WM. W. RICE, Associate Justice. CLARK JILLSON, Clerk.

Sessions for Criminal business, daily, at 9 A. M.

For civil business, every Saturday. Trials 1st and 3d Saturdays of each month.

The Police Court has become a place of considerable business. During the year ending Sept. 30, 1863, 867 complaints were entered, of which 683 were for drunkenness and other offences arising from liquor drinking, leaving only 184 cases for liquor selling, larceny, burglary, and all other crimes, many of which doubtless were committed by persons while under the influence of liquor. The

costs charged during the time amounted to \$5546.25, of which \$2367.55 were collected, or nearly enough to pay the salaries of the Justice and Clerk. The expenses of the police during the same time being from seven to eight thousand dollars, and the cost to the city of supporting paupers about ten thousand more, nearly all of which can be traced directly to the unlawful rum traffic, that business does not appear to be a very profitable one for our citizens at large, whatever it may be to those who are engaged in it.

GENERAL EXPRESS OFFICE, 2 Lincoln House Block, corner Main and Maple Sts. All the Railroad Express business is now done at this office.

EXPRESS BUSINESS is also done by the Stage drivers on all the routes out of Worcester; and by several Wagon Expresses, which go to many of the neighboring towns.

# ARE YOU IN AGONY? A WELL SPRING OF HOPE FOR ALL

CAN BE FOUND IN

# HOLLOWAY'S PILLS.

**Be of Good Cheer ! The Sinking may be Saved !**

BY THE USE OF

# HOLLOWAY'S OINTMENT.

The history of these great Remedies is the most wonderful medical revelation that the world has ever known. It establishes the all important fact that WHEREVER and in WHATEVER SHAPE internal disease exists, the disinfecting, searching, and healing properties of the Pills are fully equal to its subjection and cure, and that, with the Ointment, they are

## The Great Ambassadors of Health to all Mankind !

This is not a history written by any one man or even derived from the experiences of one nation. It consists of a compilation of testimonials from the sick of every country—an unimpeachable record, the like of which has never been adduced in favor of any discovery or invention since time began.

## These MIGHTY HEALERS, WORLD KNOWN and WORLD TRIED, ARE A BOON TO THE SICK.

The want of a sterling medicinal to meet the ills and necessities of the suffering portion of humanity, and one entirely free from mineral and other deleterious particles, was severely felt till this all-powerful medicine was ushered into the world; HOLLOWAY'S INVALUABLE PILLS have become the HOUSEHOLD REMEDY of all nations. Their attribute is to PREVENT as well to CURE; they attack the RADIX or root of the complaint, and thus, by removing the hidden cause of disease, reinvigorate and restore the drooping energies of the system, assisting nature in her task of VITAL and FUNCTIONARY REFORMATION.

## Dyspepsia, Diarrhoea, Weakness, &c., &c., &c., &c.

The terrible bodily and mental pangs which characterize dyspepsia are at once mitigated by the Pills. Diarrhoea constipation, head-ache, physical prostration, nervous tremors, hot flushes, spasms, affections of the kidneys, hemorrhoids or piles, and in fact, all internal complaints, from whatever cause arising, give way before the salutary influence of this extraordinary remedy. As a specific for dyspepsia and the disorders connected with it, or growing out of it, the Pills are always to be relied on when every other medicine and mode of treatment has utterly failed.

*Holloway's Pills are the best remedy known in the world for the following Diseases :*

| Costiveness,      | Female Complaints, | Liver Complaints, | Worms of all kinds. |

**CAUTION !**—None are genuine unless the words "*Holloway, New York and London*" are discernible as a *Water-mark* in every leaf of the book of directions around each box; the same may be plainly seen by *holding the leaf to the light*. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

♣ Sold at the manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 63 cents, and \$1 each.

♣ There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

# CURE FOR FEMALE WEAKNESS.

THE Proprietor of this valuable MEDICINE, while suffering from loss of health some years ago, received an Indian Recipe, from which she prepared some for her own use, which resulted in a cure. Many of her friends have since used it with equally gratifying success, and have desired her to introduce it to the public. She has consented, for the relief of suffering humanity, to do so, and feels confident it will prove one of the richest blessings to those who are suffering from PROLAPSUS UTERI, INFLAMMATION, ULCERATION, or GENERAL DEBILITY, as it is a speedy and certain cure if taken according to directions. This is an INTERNAL REMEDY—entirely vegetable—will not injure the most delicate constitution, but is congenial to nature; as Supporters are not used under any consideration, nor the application of Caustic. It will eradicate all Humors, which is one cause, in many cases, of great suffering. Its renovating effects are most extraordinary, without a change in diet, as hundreds will testify. Two Bottles will convince the most skeptical of its surprising properties.

**Its effects are wonderful in the Relief and Cure of the following Diseases:**

*Prolapsus Uteri, Nervous Debility, Weakness of the Back and Limbs, Dyspepsia, Palpitation of the Heart, Depression of Spirits, Irregularities, Change of Life, Leucorrhœa or Whites, Dropsical Affections, Inflammation of the Kidneys, &c.*

## TESTIMONIALS.

*North Jay, Me., January 18, 1862.*

MRS. BELCHER,—I cannot say enough in favor of your Medicine, for you may judge; I had been sick five years, three of which I wore Supporters. I tried nearly every thing, with little or no benefit. As soon as I began to take your Medicine, I began to gain, and it cured me by taking four bottles. I am so thankful to think I have regained my health, it seems as though I could not say enough to you or my female friends in its favor.

Respectfully yours,

Miss JANE B. BARTLETT.

*Randolph, Mass., Oct. 10, 1862.*

MRS. BELCHER,—I had been a sufferer for seven years before I knew about your Medicine. I had no faith, for I had tried various kinds of Medicine and several Physicians, and was only relieved for a short time. I will cheerfully say to you and the public, I have tried this valuable Female Medicine, and experienced a cure, without the aid of Supporters, from three bottles.

Very respectfully,

MRS. G. H. WINNETT.

**WORCESTER, MASS.,**

Is prepared to furnish and put on Slate, of any kind or quality, at prices that will make it an object for all to use them, who have new roofs to cover, or old roofs that need re-covering. The safety from fire of a good slate roof, is an important item; and its great durability renders it by far **THE CHEAPEST** as well as **THE BEST** that can be put on a building, either in city or country. Slate of the kind mostly used by me, have been taken off from a building after sixty years service, and laid on other buildings, as good as new. The expense of keeping such roofs in repair, is very trifling; it having cost the owners less than fifty dollars to repair all the roofs I have slated during the last seven years, amounting to at least 400,000 square feet.

The first cost of a slate roof, is but little more than a shingled one, while it will outlast three or four; and slate may be used to advantage on any roof fit for shingles. Roofs slated at from \$6 to \$9 per 100 square feet, and warranted.

**Fancy Slating done to Order.**
